STUDENT & FAMILY

— HANDBOOK —

Welcome Families!

Hello! As we look towards the 2020-2021 school year, the landscape of education will be much different due to the challenges we face with the COVID-19 pandemic. Not only will we be required to use masks, social distance, and implement enhanced cleaning measures and health screenings, but how we educate will be new for many of our staff, students and families.

Despite these new obstacles, I believe that the Selah School District is poised to rise to these challenges and meet the needs of our entire learning community because of the solid foundation we have laid over the past few years. Let me explain.

In August of 2019, the Selah School District Board of Directors adopted our new strategic priorities, which we call *The Viking Promise*. The goal of *The Viking Promise* is to meet the needs of the whole child by creating EQUITY centered, ENGAGING and PERSONALIZED learning experiences in an emotionally and physically SAFE environment for each child in Selah. That goal could not be more appropriate for the times in which we find ourselves. Although we are still very early in the implementation of this multi-year effort at bringing these priorities to life, I am optimistic that the work we have begun, and will continue to build on, will pay big dividends for our students now and in the future.

In the COVID-19 world our priorities may look different, but we still have a great opportunity using them to guide us in our work (each priority is in bold and italicized). ***Rigorous and Engaging Classrooms*** will look different, but our creativity can help ensure that relationships, teacher clarity and challenge for students are still intact. We need to keep our minds open to the impacts on our families through a ***Trauma Sensitive Practices*** lens, and not forget about ***Culturally Responsive Teaching*** strategies to help make meaningful connections between what students learn in school and their cultures, languages, and life experiences. ***Social Emotional Learning*** will be essential for our kids to help them deal with the challenges and pressures of their lives as we employ what we know about ***Positive Behavior Interventions and Supports*** when dealing with some of our neediest students in a virtual manner or when they return to our classrooms. ***Family and Community Engagement*** will look different for a little while, but now more than ever it is crucial to create and maintain strong partnerships that support our students. Finally, this new world of COVID and beyond has the potential to help many of our students become more ***Future Ready***, not only with the use of technology, but with their ability to be resilient, to collaborate, to communicate, to be innovative and to develop empathy.

In addition to all of this, we have another crisis on our hands in our schools, communities and nation. The lack of racial equality that has plagued our country for years has emerged recently as one of the biggest social justice movements in our history. As a school district, we must and will do our part in ending systemic racism. Our students, staff and families of color deserve that from us, and I pledge to help make our district part of the solution to this conflict now and in the future.

In closing, I encourage all of us to come together so that we can get through these trying times and have a successful year for all members of our learning community. No matter your personal beliefs, the only way we make our schools, community and nation better is by doing this work hand-in-hand. And, there is much work to be done. However, I know

The Selah School District Board of Directors consists of 5 directors, elected by residents, to govern the school district. They are responsible for reviewing and adopting all school district policies according to the laws of federal and state government, the State Board of Education, and the State Superintendent of Public Instruction. School director duties include setting the vision and mission of education in the District and ensuring the successful implementation of this vision through the use of data, reports and discussions.

The Board of Directors conducts a variety of meetings. Each of these meetings, with the exception of an executive session, are open to the public, but are not meetings of the public. The purpose of the meetings is to conduct School District business and to provide the members of the Board an opportunity to discuss issues with each other and with staff. Public input is welcome at public meetings.

The Board always wants to hear informal suggestions and comments from patrons. The agenda item at regular meetings and study sessions titled "Suggestions/Comments from the Audience" is for any comments related to topics that are not on the agenda. Any informal suggestions or comments that are critical of individual school district staff or students will be heard in an executive session. The audience can also provide informal comment on agenda items after being recognized by the board president.

Attendance

The Selah School District is making a special effort to ensure that all students fully benefit from their education by attending school regularly. Attending school regularly helps children feel better about school—and themselves. Your student can start building this habit in preschool so they learn right away that going to school on time, every day is important. Consistent attendance will help children do well in high school, college, and at work.

Too Sick for School?

Below are some guidelines to help you make the decision about when to keep your child home from school.

- **Fever:** With a fever greater than 100.4° F; Child must not have a fever for 72 hours before returning to school (without any medications to lower fever). This guidance was updated as of 3/8/2020 related to COVID-19.
- **Vomiting:** Child should not return to school for 24 hours following the last episode of vomiting.
- **Lice, scabies:** Children may not return to school until they have been treated. Children with scabies can be admitted after treatment.
- **Diarrhea:** more than one watery stool in a 24-hour period, especially if the child acts or looks ill.
- **Chronic cough and/or runny nose:** continual coughing and excessive nasal discharge.

Conditions may be contagious and may require treatment from your healthcare provider.

- **Sore throat:** especially with fever or swollen glands in the neck.
- **Rash:** body rash, especially with fever or itching.
- **Ear infection:** with fever. Without fever, students can attend school, but the child may need medical treatment and follow-up. Untreated ear infections can cause permanent hearing loss.
- **Eye infection:** Eye infection: pink eye (conjunctivitis) or thick mucus or pus draining from eye.
- **Unusual appearance, behavior:** abnormally tired, pale, lack of appetite, difficult to wake, confused or irritable. This is sufficient reason to exclude a child from school.
- **Sick household member:** If anyone in your household currently has flu-like symptoms, please keep your child home for 72 hours after that member of your household is symptom-free.

Absences

It does not matter if a student's absence is excused, unexcused, or even pre-arranged, it is still considered an absence. Every day students are absent, they miss out on 6.5 hours of valuable instruction and social interaction. Missing more than 10% of a school year is considered "Chronic Absenteeism". Chronic absenteeism can put students at risk for falling behind academically.

We will send home a monthly attendance letter to students and families that are in the "At Risk" and "Chronic Attendance" categories, to keep students informed of attendance standing. We really want to support students and their families to remove barriers if attending school regularly is a struggle.

See Absence Chart to determine if your student is at risk for Chronic Absenteeism.

Tardies

On a daily basis, students are expected to arrive to class and ready to learn prior to the bell.

What We Need From You

We miss your student when they are gone and we value their contributions to our school. We would like you to help ensure that your student attends regularly and is successful in school. If your student is going to be absent, please contact the **attendance secretary at your child's school**.

What You Can Do

- Set a regular bedtime and morning routine.

- Prepare for school the night before, finish homework and get a good night's sleep.
- Don't let your student stay home unless they are truly sick. Keep in mind complaints of a stomach ache or headache can be a sign of anxiety and not a reason to stay home.
- Avoid appointments and extended trips when school is in session.
- Develop back-up plans for getting to school if something comes up. Call on a family member, a neighbor, or another parent.
- Keep track of your student's attendance.
- Talk to your student about the importance of attendance.
- Talk to your students' teachers if you notice sudden changes in behavior. These could be tied to something going on at school.
- Encourage meaningful after school activities, including sports and clubs.

Excused Absences

Assignments and/or activities not completed because of an excused absence or tardiness may be made up in the manner provided by the teacher. The following are valid excuses for absences and tardiness.

- **Participation in school approved activity or instructional program:** To be excused this absence must be authorized by a staff member and the affected teacher must be notified prior to the absence unless it is clearly impossible to do so.
- **Absences due to:** illness, health conditions, medical appointments, family emergencies, religious purposes, court/judicial proceedings (or serving on a jury), post-secondary/technical school or apprenticeship program visitations, scholarship interviews, State-recognized search and rescue activities consistent with [RCW 28A.225.055](#), and directly related to the student's homeless status.
- **Absence for parental-approved activities:** This category of absence shall be counted as excused for purposes agreed to by the principal and parent/guardian in advance. An absence may not be approved if it causes a serious adverse effect on the student's educational progress. In participation type classes (e.g., certain music and physical education classes) the student may not be able to achieve the objectives of the unit of instruction as a result of absence from class. In

such a case, a parent/guardian-approved absence would have an adverse effect on the student's educational progress which would ultimately be reflected in the grade for such a course.

- **Absence resulting from disciplinary actions – or short-term suspension.** As required by law, students who are removed from a class or classes as a disciplinary measure or students who have been placed on short-term suspension will have the right to make up assignments or exams missed during the time they were denied entry to the classroom if the effect of the missed assignments will be a substantial lowering of the course grade.
- **Extended illness or health condition.** If a student is confined to home or hospital for an extended period, the school will arrange for the accomplishment of assignments at the place of confinement whenever practical. If the student is unable to do his/her school work, or if there are major requirements of a particular course which cannot be accomplished outside of class the student may be required to take an incomplete or withdraw from the class without penalty.
- **Excused absence for chronic health conditions:** Students with a chronic health condition which interrupts regular attendance may qualify for placement in a limited attendance and participation program. The student and his/her parent/guardian will apply to the principal or counselor, and a limited program will be written following the advice and recommendations of the students' medical advisor. The recommended limited program will be approved by the principal. Staff will be informed of the students' needs, though the confidentiality of medical information will be respected at the parent's request.

The parent/guardian is expected to notify the school office on the morning of the absence by phone, e-mail or written notice and provide the excuse for the absence.

If no excuse is provided with the notification, or no notification is provided, the parent/guardian will need to submit an excuse via phone, e-mail or written notice upon the student's return to school.

Adult students (those over eighteen) and emancipated students (those over sixteen who have been emancipated by court action) will notify the school office of their absences with a note of explanation.

Students fourteen (14) years old or older who are absent from school due to testing or treatment for a sexually transmitted disease shall notify the school of their absence with a note of explanation, which will be kept confidential. Students thirteen (13) years and older may do the same for mental health, drug or alcohol treatment; and all students have that right for family planning and abortion.

A parent/guardian may request that a student be excused from attending school in observance of a religious holiday. In addition, a student, upon the request of his/her parent/guardian, may be excused for a portion of a school day to participate in religious instruction provided such is not conducted on school property. A student shall be allowed one makeup day for each day of absence.

Unexcused Absences

Unexcused absences happen because either a submitted excuse does not constitute an excused absence as defined above, or there was failure to submit any type of excuse statement by the parent/guardian or adult student.

Dismissal for School Related Activities

Students who are not in attendance for any portion of the school day, will not be eligible to participate in activities. Only absences deemed as emergencies or medical will be considered.

Early Dismissal

Students needing to be dismissed early must bring a note from home to the attendance office or have their parents/guardians call the attendance line. Students who fail to bring a note may request permission to leave through the attendance office or with administrator's approval.

Students are required to check out through the attendance office with a parent/guardian or approved emergency contact when leaving campus.

Parents: for liability reasons, we appreciate your cooperation in notifying the attendance office any time your child comes and goes during regular school hours.

Note: Students are not allowed to leave school grounds unless accompanied by an adult. No child will be released to a person other than the parent unless the person's name appears on the child's emergency card, which is on file in the school office.

Early Dismissal: K-8th grade

Students will not be removed from school grounds, any school building or school function during school hours except by a person authorized according to district procedures. Before a student is removed or excused, the person seeking to remove the student must present evidence of their proper authority to remove the student.

Early Dismissal: 18 & Older Students

Students may establish the authority to write notes for themselves when they reach eighteen **AND** become an emancipated adult. An emancipated adult has not been claimed as a dependant for income tax purposes by parents/guardians, or has been legally emancipated from parents/guardians through the court. Proof of emancipation rests with the parent/guardian and student. Forms requesting emancipation status are available in the attendance office and are to be returned to an administrator.

School Policies and State Laws

It is important that our school policies and procedures, as well as Washington State Laws are understood in order to ensure each child is successful in school.

State law for mandatory attendance, called the Becca Bill, requires children from age 8 to 17 to attend a public school, private school, or a district-approved home school program.

Children that are 6-7 years old are not required to be enrolled in school. However, if parents enroll their 6 or 7 year old, the student must attend full-time.

Youth who are 16 or older may be excused from attending public school if they meet certain requirements: [RCW 28A.225](#)

Our Promise To You

We know that there are a wide variety of reasons that students are absent from school, from health concerns to transportation challenges. There are many people in our buildings prepared to help you if you or your student face challenges in getting to school regularly or on time. **These people include counselors, nurses, intervention specialists, and administration.** We promise to track attendance daily, to notice when your student is missing from class, communicate with you to understand why they were absent, and to identify barriers and supports

available to overcome challenges you may face in helping your student attend school.

If your student has two unexcused absences in one month, state law [RCW 28A.225.020](#) requires we schedule a conference with you and your student to identify the barriers and supports available to ensure regular attendance. The district is obligated to develop a plan that may require an assessment to determine how to best meet the needs of your student and reduce absenteeism.

In elementary school after five unexcused absences in any month, or ten or more excused absences in the school year, the school district is required to contact you to schedule a conference at a mutually agreeable, reasonable time with at least one district employee, to identify the barriers and supports available to you and your student. A conference is not required if your student has provided a doctor's note, or pre-arranged the absence in writing, and the parent, student and school have made plans so your student does not fall behind academically. If your student has an Individualized Education Plan or a 504 Plan the team that created the plan needs to reconvene.

If your student has seven unexcused absences in any month or ten unexcused absences within the school year, we are required to file a petition with the Juvenile court, alleging a violation of [RCW 28A.225.010](#), the mandatory attendance laws. The petition may be automatically stayed and your student and family may be referred to a Community Truancy Board, or you and your student may need to appear in Juvenile Court. If your student continues to be truant you may need to go to court.

Alternative Learning

Alternative learning experience (ALE) courses will provide educational opportunities that are designed to meet individual students' needs. ALE programs may include on-line courses, remote courses and site-based courses.

Student Eligibility

- ALE courses will be available to all students, including students with disabilities
- All students in grades K-8 (HomeLink) and 9-12 (Selah Online) are eligible to participate in ALE courses/coursework
- Students who wish to enroll in an ALE program must satisfy the following additional eligibility

criteria: sign either the Selah Academy agreement or the Selah HomeLink agreement

For more information, please see [Board Policy 2255](#) and fill out the form from [Procedure 2255](#).

Child Abuse

Reporting procedures will be provided to all staff on an annual basis. The purpose is to identify and timely report all evidence of child abuse, neglect, or exploitation to the proper authorities. Staff will receive training regarding reporting obligations during their initial orientation and every three years after initial employment.

All staff are responsible for reporting all suspected cases of child abuse, neglect, and exploitation to the proper authorities and/or the appropriate school administrator. Under state law, staff are free from liability for reporting a reasonable suspicion of child abuse, neglect, or exploitation. However, failing to report the incident may result in criminal liability regardless of whether the authorities determine the incident is provable in a subsequent legal proceeding. [Board Policy 3421](#)

Closed Campus/Off Campus

All Selah Schools are closed campuses according to [Board Policy 3242](#). Students will remain on school grounds from time of arrival until close of school unless officially excused. A student who has left school grounds without permission will be considered truant.

To help protect students and school property, and to prevent disruptive activity, school officials must know if any persons who are not members of the school staff or student body are in the school building or on the school grounds.

Cooperation with Law Enforcement Agencies

Although the district values its relationships with law enforcement, the Department of Children, Youth, and Families (DCYF,) and the county health department, to minimize interruption of the instructional program, the district discourages interviews and interrogations of students on school premises. As a general rule, interviews and interrogations by any agency, including law enforcement, DSHS, and the county health department(s) should take place at the agency or the student's home, rather than school premises.

However, there are limited circumstances when an interview of students at school is warranted, for example school-initiated investigations, child abuse investigations, and/or serious crime investigations. When an onsite interview or interrogation is warranted by the circumstances, the district will utilize the procedures and protocols associated with this policy, which were developed in cooperation with these agencies and ensure that students and parent(s)/guardian(s) are afforded all rights under law. The interviews of students as witnesses, victims, and suspects are treated differently. [Board Policy 3226](#)

Custodial/Non-Custodial Parents

The Board of Directors presumes that the person who enrolls a student in school is the residential parent of the student. The residential parent is responsible for decisions regarding the day-to-day care and control of the student. Parents or legal guardians have rights to receive information contained in the school records concerning their child and to forbid or permit the disclosure of such information to others, subject to the authority granted to the residential parent. The Board, unless informed otherwise, assumes that there are no restrictions regarding the nonresidential parent's right to be kept informed of the student's school progress and activities.

If restrictions are made relative to the above rights, the residential parent will be requested to submit a certified copy of the court order that curtails these right(s). If these rights are questioned by the nonresidential parent, the issue will be referred to law enforcement authorities for resolution.

Unless there are court-imposed restrictions, the nonresidential parent, upon request, will be given grade reports, notices of school activities, reports of disciplinary actions, or notices of teacher or principal conferences or summaries. If there is a court order on file with the district that restricts and/or prohibits any parent or other person from contact with a student at school or picking up a student from school, then the district will not permit the student to visit with or be released to that parent, or other person. You can report discrimination and discriminatory harassment to any school staff member or to the district's Civil Rights Coordinator, listed above. You also have the right to file a complaint (see below). For a copy of your district's nondiscrimination policy and procedure, contact your school or district office or view it online here: [Legal Notices/Nondiscrimination](#)

Complaint Options

If you believe that you or your child have experienced unlawful discrimination, discriminatory harassment, or sexual harassment at school, you have the right to file a complaint.

Before filing a complaint, you can discuss your concerns with your child's principal or with the school district's Section 504 Coordinator, Title IX Officer, or Civil Rights Coordinator, who are listed above. This is often the fastest way to resolve your concerns.

Emergency Closure

When weather conditions or other circumstances make it unsafe to operate schools the superintendent is directed to determine whether schools should be started late, closed for the day or transportation will be provided only

on emergency routes. Those decisions will be communicated through community media resources.

If for any reason our school has to go into an **EMERGENCY LOCKDOWN**, please do not call the school. No one will be available to receive phone calls. Information will be relayed as soon as possible through local radio and television stations.

Gender Inclusivity

Civil rights laws prohibit discrimination and discriminatory harassment on the basis of gender expression and gender identity in Washington public schools. All students have the rights to be treated consistent with their gender identity at school.

Safe & Nondiscriminatory Environment

Washington public schools have a responsibility to provide a safe and nondiscriminatory environment for all students, including transgender and gender-expansive students. Bullying or harassment that targets a student based on their gender identity or gender expression is discriminatory harassment. Schools must take steps to protect students from discriminatory harassment and must investigate possible harassment as soon as they know or reasonably should know about it, even if a parent or student does not file a formal complaint.

- [Information for Families: Discriminatory and Sexual Harassment](#)

Names, Pronouns, & Gender Designations

In Washington public schools, students have the right to be addressed by their requested name, pronoun (e.g., he/him, she/her, they/them, etc.), and gender designation. [Board Policy 3211](#) and [Procedure 3211P](#)

Public School Records

Public school records should use the student's requested name, pronoun, and gender designation unless there is a legal reason not to do so.

- **Non-official Records** should refer to a student by their requested name and gender. For example, school identification cards, athletic rosters, playbills, attendance lists, etc. should display the student's requested name, pronoun, and gender designation.

- **Official Records:** Certain education records, such as the transcript, may still require a school to use a student's legal name. Schools should change the student's name on a transcript if the student provides documentation of a legal name change. Schools should change a student's gender designation if a parent or student requests the change (i.e., no proof of legal change required).

Name & Gender Designation Changes

A legal name or gender designation change is not required in order for public schools to use the student's requested name, pronoun, and gender designation during class, on seating charts, during roll call, on tests and assignments, and on other public school records. Of course, if the student has undergone a legal name or gender designation change, the public school should use the new legal name and gender designation from that point forward (i.e., the change is not retroactive).

Dress Codes & Gender Expression

Clothing and hairstyle are two ways in which students often express gender. Students have the right to express their gender at school, within the constraints of the school's dress code, without discrimination or harassment. School dress codes should be gender-neutral and should not restrict a student's clothing choices on the basis of gender.

Sex-Segregated Facilities & Activities:

Restrooms

Public schools must allow students to use the restroom that corresponds to their gender identity. Any student—transgender or not—who requests greater privacy for any reason should be given access to an alternative restroom, such as a staff restroom or health office restroom, if one is available. However, school staff cannot require a student to use an alternative restroom because of their transgender or gender diverse status.

Locker Rooms

Public schools should provide access to the locker room that corresponds to a student's gender identity. Public schools may provide a separate changing schedule or use

of a private area, such as a nearby restroom stall with a door or an area separated by a curtain, to any student—transgender or not—who voluntarily seek additional privacy.

Sports & Physical Education Classes

Public schools must allow all students to participate in physical education and athletics that correspond to their gender identity. Eligibility for interscholastic athletics is determined by the [Washington Interscholastic Activities Association](#) (WIAA).

Confidential Educational & Health Information

Public school staff can only share confidential educational and health information if they are permitted by law. In general, school staff should not share a student's transgender or gender-diverse status, legal name, or sex assigned at birth with others, who could include other students, school staff, and non-school staff.

Questions, Concerns, Complaints

In accordance with [District Policy 3211](#) and [Procedure 3211](#), all reports of discrimination and/or harassment on the basis of sex, gender identity, or gender expression will be taken seriously and investigated.

If a student feels that they have been subjected to discrimination and/or harassment on the basis of their actual or perceived gender identity or expression, the student should report the incident immediately to a staff member.

At any time, a student or their parent/guardian may submit an informal or formal complaint regarding discrimination. A discussion with your school principal, or [civil rights coordinator](#) at the school district, is often the best first step to address your concerns or disagreements about discrimination and work toward a solution. Share what happened and let the principal or coordinator know what they can do to help resolve the problem.

If you cannot resolve the concern or disagreement this way, you can [file a complaint](#).

Harassment, Intimidation & Bullying

Selah School District is committed to a safe and civil educational environment for all students, employees, volunteers and patrons, free from harassment, intimidation, or bullying. In accordance with [Board Policy 3207](#) and [Procedure 3207P](#), all reports of bullying, harassment, and/or intimidation will be taken seriously and investigated.

If a student feels that they have been subjected to harassment, intimidation, or bullying, the student should report the incident immediately to a staff member. At any time, a student or their parent/guardian may submit a formal complaint regarding harassment, intimidation, or bullying using [Procedure 3207](#) (see page 9). Formal complaints are submitted to the building principal.

Harassment, intimidation or bullying can take many forms including, but not limited to, slurs, rumors, jokes, innuendoes, demeaning comments, drawings, cartoons, pranks, gestures, physical attacks, threats or other written, oral, physical or electronically transmitted messages or images.

[Board Policy 3207](#) is not intended to prohibit expression of religious, philosophical, or political views, provided that the expression does not substantially disrupt the educational environment. Many behaviors that do not rise to the level of harassment, intimidation or bullying may still be prohibited by other district policies or building, classroom or program rules.

The District's prohibition of harassment, intimidation, and bullying shall apply:

- On school District property at any time;
- Off school District property at any school activity, function, or event
- Off school District property if the actions of the student materially or substantially effect the education process and/or student attendance at school

Health Services

The Selah School District provides school health services designed to:

- Promote health and safety
- Intervene with actual and potential problems
- Provide education and case management services
- Actively collaborate with district staff, students, families, and the community.

If your child has suffered any type of injury please talk with your school nurse and your child's doctor before returning them to school. Your child's safety and well-being is a priority and we want to make sure they are well enough to be in school. Please also fill out this [Medical Clearance to Resume to School](#).

Immunizations and Washington Law

In order to safeguard the school community from the spread of certain communicable diseases, each student must present completed Certificate of Immunization Form (CIS), proof that a schedule of immunization has begun or a certificate of exemption before they can attend school. If, by the students first day of enrollment, a student does not have documentation for immunizations he/she will be placed in a "conditional admittance" category.

The parent or guardian has no longer than 30 calendar days from the student's first day of attendance to get any missing immunizations and/or provide documentation needed. According to [Policy 3413](#) and [Procedure 3413P](#), following proper notification, the school will exclude the student for noncompliance with the immunization laws, pursuant to the appeal process procedures outlined in [Board Policy 3241](#).

In the event of an outbreak of a particular disease, a child who has been exempted from a vaccine will be excluded from school. In accordance with Washington State Law, districts must make information available on Meningococcal and Human Papillomavirus diseases to parents or guardians of all students entering Grades 6-12. Washington State Department of Health provides more information about [required and recommended vaccinations](#). DOH also provides child health and safety information for your family via the [Child Profile Health Promotion System](#).

Medication Administration At School

Parent/Guardian Responsibilities

Prescription medications and over-the-counter oral medications may only be used by students or given to students at school, when a written authorization - from the licensed health professional prescribing the medication - is on file in your child's school.

In order for students to take or carry medication of any kind at school, a parent/guardian must provide the appropriate form(s), completed by the Health Care Provider who sees the student. **This must be done every year for each medication.**

Medication cannot be given without the completed form. This requirement is a law in Washington State. Each medication must be delivered to the school in its original container with a label including:

- Student name
- Date issued
- Name of medication
- Name of health care provider
- Exact dosage

Providing the required paperwork, authorizations and medications will help make school a safe and healthy place for your child. Please feel free to contact the [District Nurse](#) if you have any questions or concerns.

Allergies: Reporting Severe Allergies

If your student has a severe allergy that is potentially life-threatening, you need to inform the school where your child attends and report it on the [Health Alert form](#). Schools need documentation of these health conditions and necessary treatment in order to effectively care for your student.

Severe allergies that must be reported before the student starts school include life-threatening reactions to:

- nuts, peanuts
- bees
- milk, dairy
- shellfish
- wheat or gluten

If your student has a life-threatening allergy, you must complete the allergy health care plan before he/she can attend school. Your child's school nurse will work with students, parents and health care providers to develop the plan.

Forms that may be required include:

Commented [1]: Add link after Heidi adds to website

- [Permission for Administration of Medication at School](#)
- [Authorization for Administration of Epinephrine \(epipen\)](#)
- [Medical Authorization for Asthma Management at School](#)

Mild Allergies

Many students have mild allergies, such as springtime reactions to tree and grass pollen that cause itchy, watery eyes and runny noses. These types of mild allergies do not need to be reported on the Health Alert form.

Life-Threatening Health Conditions

A life-threatening health condition puts the child in danger of death during the school day without medication or treatment and a nursing plan in place (see Washington state law [RCW 28A.210.320](#)).

Examples of life-threatening health conditions include:

- Diabetes
- Severe asthma
- Severe allergies (bees, peanuts, etc.)
- Cardiac/heart conditions
- Epilepsy/seizure disorder

Reporting the condition or illness

Parents/guardians of students with life-threatening conditions must inform the school and work with the school nurse and the student's health care provider to create a health care plan. Planning ahead helps schools to be equipped and prepared to care for students in emergency health situations.

Parents/guardians must:

- report the life-threatening condition on the [Health Alert form](#)
- complete the Permission to Administer Medication at School form if student needs medication at school
- complete the health care plan that is specific to the student's illness, if applicable

All student health forms are available in the district health forms library or at the school office. Required documentation must be completed before the child attends school.

Meal Programs

Forms for the National School Lunch Program/School Breakfast Program are available on the [district web page](#). Students can also get a hardcopy from the district office, nutrition office, or main office in their school. This form tells parents how students can receive free or reduced price meals, and other reduced fees.

The lunchroom does not give change, leftover money will be added to the student's lunch account. Meals may be purchased in advance by paying in the cafeteria before school or during lunch. Additionally, deposits may be made to lunch accounts at the following website <https://www.myschoolbucks.com/login.asp>

Payments for more than the amount needed for a single meal can be taken before school or in the lunch line. Make checks payable to the students' school.

Selah Nutrition Unpaid Meal Policy

Students are notified of a low account balance starting at two remaining lunches at the cashier line. An automated phone message is activated at that time on all school days informing families of the low balance amount. Students in grades PK-12 who carry a negative balance will continue to receive a regular meal while parents work to pay the balance in full. Extra entrees and snacks are not allowed for purchase unless the account has money available to cover the cost.

In addition to school reminders and automated phone calls, personal calls will be made from the Nutrition Services office once the negative balance is above \$3.00. A letter will be sent to households who reach a \$20 negative balance along with a free/reduced meal application. Accounts that reach a \$40 negative balance and are not paid in full will be turned over to collections.

Working to Promote a Safe Physical Environment

Schools will be implementing classroom rules and practices for dealing with food allergies consistent with the student handbook. This means that educators will create ways for students with food allergies to participate in all class activities.

Educators will avoid using known allergens in classroom activities, such as arts and crafts, counting, and science projects, or cooking and will also enforce hand washing before and after eating, particularly for younger students.

- Inform students that they should not trade or share food.

School Property

Students are responsible for school property which they have checked out or has been issued to them. Such items include library books, chromebooks, lockers, PE locks, athletic equipment, or textbooks. Although these items do not belong to the student, they are encouraged to treat them with respect while in their possession. Students are required to pay for damage or loss of school property.

Sexual Harassment

Students and staff are protected against sexual harassment by anyone in any school program or activity, including on the school campus, on the school bus, or off-campus during a school-sponsored activity.

Sexual harassment is conduct on the basis of sex that satisfies one or more of the following conduct on the basis of sex that satisfies one or more of the following:

- Quid pro qua sexual harassment. A student or employee is led to believe that he or she must submit to unwelcome sexual conduct or communications in order to gain something in return, such as a grade, a promotion, a place on a sports team, or any educational or employment decision, or
- Hostile environment sexual harassment, defined as unwelcome conduct determined by a reasonable person to be so severe, pervasive and objectionably offensive that it effectively denies a person equal access to the school's education program or activity.
- Sexual assault, dating/domestic violence, or stalking.

Examples of Sexual Harassment

- Pressuring a person for sexual favors
- Unwelcome touching of a sexual nature
- Writing graffiti of a sexual nature

- Physical violence, including rape and sexual assault

Complaint Options

If you believe that you or your child have experienced unlawful discrimination, discriminatory harassment, or sexual harassment at school, you have the right to file a complaint.

Before filing a complaint, you can discuss your concerns with your child's principal or with the school district's Section 504 Coordinator, Title IX Officer, or Civil Rights Coordinator, who are listed above. This is often the fastest way to resolve your concerns.

Special Education info, IEP, Section 504

Educational Services for Students with Disabilities:

Selah School District provides educational programs and services for eligible students with disabilities ages 3-21.

Appropriate services for eligible children are based on their disability and Individual Education Program (IEP) or Section 504 Accommodation Plan. If you suspect that your child may qualify for these services, please notify the school psychologist in writing to initiate the referral process. Detailed information regarding eligible student's rights under IDEA (special Education Laws) and Section 504 can be found in [policies 2161](#) and [2162](#) and procedures [2161](#) and [2162](#).

Student Accidents & Health Insurance Program

The safety of our students is one of our most important concerns. Even so, accidents do happen and resulting medical treatment (ambulance transport, surgery, hospitalization, etc.) can be very expensive. Please know that the District does not assume responsibility for these costs. However, as a service to you and your child, your school has joined with 1,000s of others by offering you access to a low cost, voluntary purchase student accident/health insurance program.

The program is arranged and administered by Myers-Stevens & Toohey & Co., Inc. a firm that has specialized in such coverages for 40 years. Several plans are offered and rates for the entire school year start at around \$21 (Dental Accident Plan). You can limit coverage to school related injuries only (including sports) or opt for 24/7 protection.

Also offered is a Student Health Care Plan (recommended if your child has no other health insurance) and a pharmacy discount program for your entire family. Whether your child currently has no other coverage or you want to "fill in the gaps" in other insurance, you will probably find an option to fit your needs.

While you can seek care from any doctor or hospital, you'll also have access to an extensive network of medical providers with discounted charges. Seeking care through contracted providers may further reduce your out-of-pocket costs, particularly if your child needs surgery or hospitalization.

To enroll, please ask for a brochure at your school office and complete the enrollment form in full, select the plan(s) you want for your child, enclose the proper premium using a check, money order or credit card, seal and return as directed on the form. While your child is eligible to enroll at any time, you are encouraged to

consider early enrollment to get maximum value from the plan(s) selected.

Note - Once processing is completed, an ID card verifying coverage will be mailed home to you. Because many parents have expressed interest in much higher limits of coverage for their children, at that time you'll also be sent information regarding a newly available Supplemental Catastrophic Injury Plan that can cover up to \$500,000/injury for up to five years.

Student Fines or Fees

Payment Options

Students/parents/guardians can view and pay for athletics, fines or fees by:

- Using the Selah School District Online Payment System: <https://wa-selah.intouchrecepting.com/>
- Visiting a school and paying in person with cash, check or credit card (this is a new payment option for 2020-21)

A student will be responsible for the cost of replacing materials or property which are lost or damaged due to negligence. A student's grades, transcripts or diploma may be withheld until restitution is made by payment or the equivalency through voluntary work. The student or his/her parents may appeal the imposition of a charge for damages to the superintendent and board of directors. The student and his/her parents will be notified regarding the nature of the violation or damage, how restitution may be made, and how an appeal may be instituted.

When the damages or fines do not exceed \$100, the student or his/her parents will have the right to an informal conference with the principal. As is the case for appealing a short-term suspension, the principal's decision may be appealed to the superintendent and to the board of directors. When damages are in excess of \$100, the appeal process for long term suspension will apply. [Board Policy 3520](#)

Suicide Prevention

The Selah Board of Directors recognizes that suicide is a leading cause of death among youth and that suicidal indicators such as substance abuse and violence are complex issues that should be taken seriously. [Board Policy 2145](#) and [Procedure 2145](#).

District staff who have knowledge of a suicide threat must take the proper steps to support the student and to report this information to the building principal or designee who will notify the appropriate school officials, the student's family and appropriate resource services.

Warning Signs that require immediate action:

- Talking or writing about suicide or death
- Giving direct verbal cues, such as "I wish I were dead" and "I'm going to end it all"
- Giving less direct verbal cues, such as "You will be better off without me," "What's the point of living?," "Soon you won't have to worry about me," and "Who cares if I'm dead, anyway?"
- Isolating themselves from friends and family
- Expressing the belief that life is meaningless
- Giving away prized possessions
- Exhibiting a sudden and unexplained improvement in mood after being depressed or withdrawn
- Neglecting his or her appearance and hygiene
- Dropping out of school or social, athletic, and/or community activities
- Obtaining means such as a firearm or prescription medications

Visitors & Volunteers

All adults who plan to visit Selah campuses to help-out in a classroom, on a field trip, at events, or to have lunch with a student, must be approved as a District volunteer, which includes passing a background check. No one shall be accepted as a volunteer who has been convicted of a felony or theft within the past seven (7) years. Once approved, volunteers will be in the system for two school years and will receive an email when it is time to reapply. Apply to volunteer online at: <https://selahvolunteers.hrmplus.net>.

Visitors and volunteers must check in at the office and secure permission to be on campus. Visitors and volunteers must wear an identification badge while on campus, which allows staff and students to know the office has approved their presence on campus. All visitors and volunteers are required to check out at the school office upon departure.

When picking up a child for appointments, etc., stop at the office and identify yourself and sign your child out. Students are not allowed to leave school grounds unless accompanied by an adult. No child will be released to a person other than the parent unless the person's name

appears on the child's emergency card, which is on file in the school office.

Violations, Criminal Trespass

Disturbance of the educational process by students, parents and/or community members can result in the person being asked to leave school property. Furthermore, the person may lose the privilege of being on school district property for an indefinite amount of time. This trespass notice can be in writing or verbal.

Selah Police Officers have express discretion to exclude people causing disturbances on district property.

Transportation Services

The bus driver is fully in charge of the bus and is responsible for the enforcement of rules of conduct for transportation and behavior. Failure to comply may result in disciplinary action, which may include, but is not limited

to, loss of riding privileges (e.g. disruptive behavior, damaging buses).

The Selah School District Transportation Department is committed to the safety and well-being of all of our students, staff and community members. Please feel free to contact us at any time with any questions, comments or concerns.

If such devices are brought to school they are to be placed in the student's locker or designated area upon arrival. Failure to comply will result in confiscation of the device and potential further discipline.

Use of Computer, Internet and other Electronic Systems

All students are provided access to computer systems, email, and filtered internet for educational purposes. These resources also provide an opportunity to promote positive digital citizenship for students. Expectations for student's behavior online are no different than face-to-face interactions. Selah School District has chosen to make Internet resources available to students, with the consequence that they will have access to far more information than is available in their school's library.

Internet Safety

Students should not reveal personal information about themselves or others, including social security numbers, a home address and phone number, on websites, blogs,

and email or as content on any other electronic medium. All use of the network must be in conformity with state and federal laws, network provider policies and District policies and procedures. Parents/guardians may choose to restrict their children's use of network resources by signing an opt-out form available at your school.

No Expectation of Privacy

Computer, file storage and email resources are District property and carry no expectation of privacy. District staff audit and maintain these resources to ensure system integrity and confirm resources are used ethically and responsibly. If a Selah School District student chooses to access resources that are objectionable, adult-oriented, or restricted, the consequences will include disciplinary action, suspension or termination of access privileges.

Security

Security on any computer system is a high priority. If you feel you can identify a security problem on the network, you must notify a teacher or principal. Do not demonstrate the problem to other users. Users shall not intentionally seek information on, obtain copies of, or modify files, other data, or passwords belonging to other users, or misrepresent other users on the network.

System log-ins or accounts are to be used only by the authorized owner of the account. Users may not share their account or password with another person. Attempts to gain unauthorized access to system programs or computer equipment will result in cancellation of user privileges.

Any user identified as a security risk or having a history of problems with other computer systems may be denied access to District computers. The District also reserves the right to review e-mail sent or received on the District system to improve safety and system integrity.

Vandalism

Vandalism will result in cancellation of privileges as well as other potential sanctions. Vandalism is defined as any malicious attempt to harm, modify, or destroy computer hardware, software, documents of another user, the Internet, or any of the other networks that are connected to the Internet backbone. This includes, but is not limited to, the intentional uploading or creation of computer viruses.

Inappropriate Use

Selah School District teachers and administrators will deem what is inappropriate use, and their decision is subject only to confirmation by the Selah School District

Notice to Parents

Your child's work or photograph may be published on the Internet as part of a class project, unless you specifically deny permission in writing. Staff members may electronically publish student work on the Selah School District Web pages or other locations.

Protective Measures

Selah School District uses Internet filtering software on all computers to protect students and others from online experiences deemed harmful to minors, especially pornography and obscene visual depictions. Other

Board of Directors. The administration, faculty, and staff of Selah School District may request the suspension or termination of Internet access and/or computer use of any user who violates these acceptable use practices.

blocked categories include gambling, illegal drugs, hate sites, chat rooms, "instant messaging," hacking, and others.

In addition, all school use of the Internet is continually monitored and electronically logged to help enforce this Acceptable Use Policy. A "firewall" protects the internal network from external hacking and other unauthorized access to personal information. E-mail access within the District is limited to monitored accounts hosted on a Selah School District server. Users cannot access external email accounts (such as AOL or Hotmail) due to safety and security issues.

Student Conduct Expectations

The Selah School District believes the purpose of the school is to provide a quality education that will promote the growth of the individual while enabling each person to become a responsible member of society.

Behavior Management System

Positive Behavior Interventions and Supports (PBIS) is a proactive approach to establishing the behavioral supports and social culture needed for all students in a school to achieve social, emotional and academic success. Attention is focused on creating and sustaining primary (school-wide), secondary (classroom) and tertiary (individual) systems of support that improve lifestyle results (personal, health, social, family, work, & recreation) for all youth by making targeted misbehavior less effective, efficient and relevant while making desired behavior more functional. Why is it so important to focus on teaching positive social behaviors? Teaching behavioral expectations and recognizing students for following them is a much more positive approach than waiting for misbehavior to occur before responding. The purpose of school-wide PBIS is to establish a climate in which appropriate behavior is the norm.

Our schools employ a variety of restorative practices to address and make right the harm that was caused. Some examples of restorative practices include identifying the impact of their choices, guided victim & offender conversations, community service, and verbal or written apologies.

Student Conduct Expectations and Reasonable Sanctions

The board acknowledges that student conduct and behavior are closely associated with learning. An effective instructional program requires a wholesome and orderly school environment. The board therefore requires that each student adhere to the rules of conduct established by the District and its various school and programs and submit to discipline taken as a result of conduct violations.

Students are expected to:

- A. Respect the rights, person and property of others;
- B. Pursue the required course of study;

- C. Preserve the degree of order necessary for a positive climate for learning;
- D. Comply with district rules and regulations; and
- E. Respect the authority of staff and reasonable discipline imposed by school employees and respond accordingly.

Students who involve themselves in acts that have a detrimental effect on the maintenance and operation of the school or the District, criminal acts, and/or violations of District rules and regulations may be subject to discipline by the District and prosecution under the law.

The superintendent or designee will develop reasonable rules of student conduct (see [Procedure 3240P](#)) for the preservation of the health and safety of students and employees and the preservation of an educational process that is conducive to learning. Such rules will state with reasonable clarity the types of misconduct for which discipline, including suspension and expulsion, may be imposed.

In accordance with state law, the student conduct rules adopted by the District will be interpreted to ensure that the optimum learning environment of the classroom is maintained, and that the highest consideration is given to the judgment of qualified certificated educators regarding the conditions necessary to maintain the optimum learning environment.

Student conduct rules will be enforced by school officials:

1. On school grounds during and immediately before or immediately after school hours;
2. On school grounds at any other time, including when school is being used by a school group(s) or for a school activity;
3. Off school grounds at a school activity, function, or event;
4. Off school grounds if the actions of the student materially or substantially affect or interfere with the educational process; or
5. Upon school-provided transportation, designated District bus stops, or any other place while under the authority of school personnel.

In addition to the rules established in [Procedure 3240P](#), schools may develop and implement site-specific rules for student conduct (examples include establishing offlimits areas, prohibiting food on carpet, etc.). Such rules must be consistent with the District's student conduct rules.

The superintendent or designee will make the District's policies and procedures regarding student conduct rules and student discipline available to students, [Policy No. 3240](#) SELAH SCHOOL DISTRICT Students parents/guardians, employees, and the community. The

District will annually provide policies/procedures 3240 and 3241 to District personnel, students, and parents/guardians, which may require language assistance for students and parents/guardians with limited-English proficiency.

The superintendent or designee will ensure that employees and contractors are knowledgeable about the District's discipline policies and procedures.

The District will develop and periodically review its discipline policies and procedures with the participation of school personnel, students, parents, families, and the community. During the development and review of discipline policies and procedures, the District will use disaggregated data collected under [RCW 28A.300.042](#) to monitor the impact of the District's discipline policies, procedures, and practices and to update such policies and procedures to improve fairness and equity in the administration of discipline.

The principal and certificated employees in each school building will confer at least annually for the purpose of developing and/or reviewing building disciplinary standards and the uniform enforcement of those standards, in accordance with [RCW 28A.400.110](#).

The superintendent or designee will develop procedures necessary to implement this policy. [District Policy 3240](#)

Student Conduct Expectations and Reasonable Sanctions

This procedure sets forth conduct expectations for students. For procedures governing imposition and contesting of discipline (e.g., suspensions and expulsions), see [Policy 3241](#) and [Procedure 3241P](#).

1. Alcohol, Drugs, and Mind-Altering Substances – Students will not possess, use, show evidence of having consumed, distribute, sell, or solicit or facilitate the sale of alcohol, drugs, mind-altering substances, medication not prescribed by a physician and approved in writing by the student's parent/guardian, or drug paraphernalia (or any item which purports to be such). While in attendance at school or school-sponsored events, students must remove themselves immediately from any situation where alcohol or drugs are being possessed or consumed.

2. Alteration of Records – Students will not falsify, alter, or destroy school records or any communication between home and school.

3. Arson – Students will not intentionally cause a fire or explosion. Students also will not possess fire-ignition devices.

4. Assault – Students will not intentionally use physical force or violence on another person, or threaten or attempt to use such physical force or violence, that is harmful or offensive, regardless of whether any physical injury is done to the person. Pursuant to [RCW 28A.635.090](#), a student who interferes by force or violence with school personnel or other students will be subject to immediate suspension or expulsion and may be referred to law enforcement for investigation of criminal activity.

5. Athletic/Activity Code Violations – Students who participate in the interscholastic athletic program will conform to specific conduct standards established by the District, principals, athletic directors, and coaches and the rules and regulations of the Washington Interscholastic Activities Association (WIAA). A student who is found to be in violation of any athletic/activity rule is subject to provisions in the athletic code. General conduct expectations and requirements for students participating in athletics/activities, as well as the appeal process for disciplinary action, are described in [Policy 2151](#) and [Procedure 2151P](#).

6. Attendance (Absences and Tardiness) – All students are expected to attend scheduled classes and activities daily in accordance with state law and [District Policy 3122](#) and [Procedure 3122P](#), unless officially excused by the designated person(s) at the school building. Students are also expected to be punctual in arriving at school and to each of their classes. Excessive and/or unexcused tardiness and/or absenteeism, regardless of the reason, may result in loss of credit and/or discipline, although students will not be suspended or expelled due to tardiness or absences.

7. Bomb Threats – Students will not threaten to bomb or damage any District facility or property.

8. Burglary – Students will not enter or remain unlawfully in a District building with intent to commit a crime (including, but not limited to, theft of property) on the premises.

9. Cheating and Plagiarism – Students will not intentionally deceive or attempt to deceive school officials in the preparation or completion of any school assignment, assessment, examination, or project. Students are also prohibited from assisting or facilitating cheating by other students.

10. Checking out of School – Students will not leave school for the day unless excused by the school office.

11. Commercial Activity – Students will not sell or offer for sale goods or services on District property or at

school-sponsored events unless as part of an authorized group or activity.

12. Criminal Behavior – Students who involve themselves in criminal acts on District property, off District property at school-sponsored events, or off District property when such acts have a detrimental effect upon the maintenance and operation of the schools or the District are subject to discipline by the District as well as potential prosecution under the law.

13. Damage to Property and Vandalism – Students will not intentionally cause physical damage to the property of the District, school personnel, or other students. Any student who defaces or otherwise injures school property, or property belonging to a school contractor, employee, or another student, may be suspended pursuant to [RCW 28A.635.060](#). If a student loses or willfully cuts, defaces, or injures property of the District, a contractor of the District, an employee, or another student, the District may withhold the grades, diploma, and transcripts of the student until the student or his or her parents/guardians pay for the damages. If the student is suspended, the student may not be readmitted until the student or his or her parent/guardian has made payment or until directed by the superintendent. When the student and parent/guardian are unable to pay for the damages, the District will provide a program of voluntary work for the student in lieu of payment of monetary damages. Upon completion of the voluntary work, the grades, diploma, and transcripts of the student will be released. The parent/guardian of such student will also be liable for damages as otherwise provided by law.

14. Dangerous Behavior – Students will not engage in behavior which a reasonable person would know creates a risk of injury to another person or property.

15. Defiance – Students will obey the lawful instructions of school personnel.

16. Disruptive Conduct – Students will not engage in conduct that materially and substantially interferes with the educational process. Disruptive conduct may include, but is not limited to, the following examples: a. Occupying a school building or school grounds in order to deprive others of its use; b. Blocking the entrance or exit of any school building or room in order to deprive others of passing through; c. Preventing students from attending a class or school activity; d. Blocking normal pedestrian or vehicular traffic on a school campus; and e. Interfering seriously with the conduct of any class or activity.

17. Disruptive Dress and Appearance – Students will not dress or appear in a manner that presents a health or safety hazard, creates a reasonable expectation of damage to school property, or creates a material and substantial disruption of the educational process.

Pursuant to [Policy 3224](#), such dress includes clothing displaying messages determined by the building principal to be libelous, obscene, profane, or demeaning to any race, religion, sex, or ethnic group, sexual orientation, or disability, or which advocate the violation of the law.

18. Electronic Information Systems – Students will comply with the acceptable use rules in [Policy 2022](#) when using District electronic information systems such as email, computer devices, computer networks, and the Internet. Unauthorized, illegal, or inappropriate use of the District's electronic information systems is prohibited.

24. Gambling – Students will not risk or bet objects of value on the outcome of an event, a game, or chance, or assist or facilitate gambling by other students.

25. Gang Activity – Students will not engage in gang activity or display symbols of gang affiliation. A "gang" means a group that consists of three or more persons; has identifiable leadership; and on an ongoing basis, regularly conspires and acts in concert mainly for criminal purposes. Gang symbols include the use of hand signals, handwriting, and/or the presence of apparel, jewelry, accessories, graffiti, or manner of grooming which by virtue of its colors, arrangement, trademark, symbol alteration, or any other attribute, denotes membership in a gang.

26. Harassment, Intimidation, and Bullying/Cyberbullying – Students will not participate

in, conspire to participate in, or conspire for others to engage in “harassment, intimidation, and bullying/cyberbullying” (HIB) as defined in [Policy 3207](#) and [Procedure 3207P](#). In general, HIB means any intentionally written message or image, including those that are electronically transmitted (e.g. sexting), or a verbal or physical act that physically harms a student or damages his or her property; has the effect of substantially interfering with a student’s education; is so severe, persistent, or pervasive that it creates an intimidating or threatening educational environment; or has the effect of substantially disrupting the orderly operation of the school. HIB includes messages, images, and verbal or physical acts shown to be motivated by any characteristic in [RCW 9A.36.080](#) (race, color, national origin including language, sex, sexual orientation including gender expression or identity, creed, religion, age, veteran or military status, disability, or the use of a trained dog guide or service animal by a person with a disability) or other distinguishing characteristics. Prohibited HIB can include, but is not limited to, slurs, rumors, jokes, innuendoes, demeaning comments, drawings, cartoons, pranks, gestures, physical attacks, threats, or other written, oral, or physical actions.

27. Hazing – Students will not participate in, conspire to participate in, or conspire for others to participate in acts that injure, degrade, or disgrace—or tend to injure, degrade, or disgrace—other people. Hazing may also constitute prohibited harassment, intimidation, and bullying/cyberbullying (HIB), as discussed above and in [Policy 3207](#) and [Procedure 3207P](#).

28. Identifying Self – Students will, upon request, identify themselves to proper school authorities in the school building, on school grounds, or at school-sponsored events.

29. Inappropriate Display of Affection – Students will not engage in overt displays of affection or sexually oriented actions that violate standards of acceptable social conduct.

30. Inappropriate Language or Conduct – Students will not engage in vulgar, profane, or obscene language or conduct. In addition, students will not engage in expression that constitutes a material and substantial disruption of the orderly operation of the school, as discussed in [Policy 3220](#).

32. Littering – Students will not throw, drop, deposit, or discard litter on public property.

33. Loitering – Students will leave the school campus at the official close of the school day unless permission to

remain has been granted by an appropriate school official.

34. Motor Vehicle Violations – Students who choose to drive motor vehicles to school must: (a) observe all rules of safe driving on and around school property; (b) park in the area designated by school officials; and (c) comply with any registration procedures that may be required by school officials. Refusal to adhere to these conditions may result in the loss of the privilege of parking on school property and/or other discipline.

35. Robbery – Students will not steal from a person by force or threat of force.

36. Theft – Students will not wrongfully obtain or exert unauthorized control over the property of the District or another person (i.e., steal).

38. Trespass – Students will not enter District buildings or property where students or members of the public are not allowed or refuse to leave such areas when ordered by school officials.

39. Violation of Suspension – Students will not enter upon any real or personal property that is owned, leased, rented, or controlled by the District during the terms of any suspension from school without the prior express approval of an appropriate school official.

40. Weapons and Other Dangerous Devices – Students will not possess, use, display, or transmit any object that is or reasonably appears to be a dangerous weapon or related device. Such objects include, but are not limited to: firearms, ammunition, incendiary or explosive devices, clubs, knives with blades of at least three (3) inches in length, other cutting or stabbing instruments brought or possessed with the intent to cause bodily harm or to instill fear and/or intimidate by their mere presence on school property or at school-sponsored events, chemical inhalants, metal knuckles, and lookalike items or replicas displayed or represented as real weapons. Any exception to this rule requires explicit permission from an appropriate school official.

Pursuant to [RCW 9.91.160](#), persons over eighteen (18) years of age, and persons between fourteen (14) and eighteen (18) years of age who have written parental permission, may possess personal protection spray

devices (i.e., mace or pepper SELAH SCHOOL DISTRICT [Procedure 3240P](#) Page 6 of 7 spray) on school property. No one may deliver such a spray device to anyone under fourteen (14), or to anyone between fourteen (14) and eighteen (18) who does not have written parental permission. Personal protection spray devices may only be used in self-defense as defined by state law. Possession, transmission, or use of a spray device under any other circumstances will be treated as a violation of the District's rule prohibiting weapons.

Pursuant to [RCW 9.41.280](#), any student who possesses a dangerous weapon (as defined in that statute) on school premises, District transportation, or areas of facilities while being used exclusively by public schools may be immediately expelled. Law enforcement and parents will be notified.

In addition, pursuant to [RCW 28A.600.420](#), any student who is determined to have carried a firearm onto, or to have possessed a firearm on, school premises, District transportation, or areas of facilities while being used exclusively by public schools will be expelled from school for not less than one year, unless the superintendent modifies the expulsion on a case-by-case basis. For purposes of this rule, "firearm" means a firearm as defined in [18 U.S.C. § 921](#) and [RCW 9.41.010](#). In addition, a student may be suspended or expelled for up to one year if the student acts with malice and displays an instrument that appears to be a firearm on school premises, District transportation, or areas of facilities while being used exclusively by public schools. This paragraph does not apply to any student while engaged in military education authorized by school authorities in which rifles are used but not other firearms; involved in a convention, showing, demonstration, lecture, or firearms safety course authorized by school authorities in which the rifles of collectors or instructors are handled or displayed but not other firearms; or participating in a rifle competition authorized by school authorities. [Procedure 3240P](#)

Student Privacy and Searches

Searches of Students and Their Property

A student is subject to search by district staff if reasonable grounds exist to suspect that evidence of a violation of the law or school rules will be uncovered. School staff will report a student's suspicious activity to the principal prior to initiating a search, except in emergency situations. A search is required when there are reasonable grounds to suspect a student has a firearm on school grounds, transportation or at school events.

A. Establishing Reasonable Grounds

The following review of the basis for the search should occur before conducting a search:

1. Identify:
 - 1) the student's suspicious conduct, behavior, or activity;
 - 2) the source of the information; and
 - 3) the reliability of the source of such information.
2. If suspicion could be confirmed, would such conduct be a violation of the law or school rules?
3. Is the student likely to possess or have concealed any item, material, or substance which is itself prohibited or which would be evidence of a violation of the law or a school rule?

B. Conducting the Search.

If the principal, or his or her designee, determines that reasonable grounds exist to search a student's clothing, personal effects, desk, locker, assigned storage area, or automobile, the search will be conducted as follows:

1. If evidence of criminal activity is suspected to be present, and prosecution by civil authorities will be recommended if confirmed by the search, consult law enforcement officials regarding the appropriateness of a search by a law enforcement officer.
2. If evidence of violation of a school rule is suspected, and if confirmed by the search will be handled solely as a student discipline action, proceed to search by asking the student to remove all items from pockets, purses, handbags, backpacks, gym bags, etc.
3. If the student refuses to cooperate in a personal search, the student should be held until the student's parent or guardian is available to consent to the search. If a parent or guardian cannot be reached in a reasonable time, the principal may conduct the search without the student's consent. [Procedure 3230P](#)

Lockers Searches

Lockers, desks, and storage areas are the property of the school district. When assigned a locker, desk, or storage area, a student will be responsible for its proper care. A student may be subject to a fine for any willful damage to school property. Students are encouraged to keep their assigned lockers closed and locked.

A student's locker, desk or storage area may be searched by district staff if reasonable grounds exist to suspect that evidence of a violation of the law or school rules will be uncovered. School staff will report a student's suspicious activity to the principal prior to initiating a search, except in emergency situations when the risk of harm to students or staff demands immediate action.

Building principals should refer to these procedures for conducting searches of students and their property for guidance in establishing whether a search is reasonable under the circumstances.

Principals may search all lockers, desks, or storage areas without prior notice given to students and without reasonable suspicion that the search will yield evidence of any particular student's violation of the law or school rules.

Administrative inspections, or health and welfare inspections, may be conducted at any time for the purpose of locating misplaced library books, textbooks, or other school property or to ensure that all lockers, desks, or storage areas are being kept clean and free from potential health or safety hazards. Periodic inspections of lockers will reinforce the district's ownership of lockers and the minimal expectation of privacy students have in the contents of their lockers.

During a search of all student lockers, if the school official conducting the search discovers any container within the locker which may conceal contraband, the container may be searched according to district procedures governing searches of students and their property. A "container" for the purpose of this policy may include, but is not limited to: an article of clothing, a handbag, purse, backpack, gym bag or any other item in which contraband material may be concealed. [Procedure 3230P](#)

Student Discipline

"Discipline" means any action taken by the school district in response to behavioral violations. Discipline is not necessarily punitive, but can take positive and supportive forms. Data show that a supportive response to behavioral violation is more effective and increases equitable educational opportunities. The purposes of this policy and accompanying procedure include:

- Engaging with families and the community and striving to understand and be responsive to cultural context
- Supporting students in meeting behavioral expectations, including providing for early involvement of parents
- Administering discipline in ways that respond to the needs and strengths of students and keep students in the classroom to the maximum extent possible
- Providing educational services that students need during suspension and expulsion
- Facilitating collaboration between school personnel, students, and parents, and thereby supporting successful reentry into the classroom following a suspension or expulsion
- Ensuring fairness, equity, and due process in the administration of discipline
- Providing every student with the opportunity to achieve personal and academic success
- Providing a safe environment for all students and for district employees

The Superintendent shall establish and make available rules of student conduct, designed to provide students with a safe, healthy, and educationally sound environment. Students are expected to be aware of the district's rules of student conduct, including behavior standards that respect the rights, person, and property of others. Students and staff are expected to work together to develop a positive climate for learning.

Minimizing exclusion, engaging with families, and supporting students Unless a student's presence poses an immediate and continuing danger to others or an immediate and continuing threat to the educational process, staff members must first attempt one or more forms of other forms of discipline to support students in meeting behavioral expectations before imposing classroom exclusion, short-term suspension, or in-school suspension. Before imposing a long-term suspension or expulsion, the district must first consider other forms of discipline.

These other forms of discipline may involve the use of best practices and strategies included in the state menu for behavior developed under [RCW 28A.165.035](#). The accompanying procedure will identify a list of other forms of discipline for staff use. However, staff members are not restricted to that list and may use any other form of discipline compliant with [WAC 392-400-025\(9\)](#).

School personnel must make every reasonable attempt to involve parents and students to resolve behavioral violations. The district must ensure that associated notices, hearings, conferences, meetings, plans, proceedings, agreements, petitions, and decisions are in a language the student and parents understand; this may require language assistance. Language assistance includes oral and written communication and further includes assistance to understand written communication, even if parents cannot read any language. The district's use of suspension and expulsion will have a real and substantial relationship to the lawful maintenance and operation of the school district, including but not limited to, the preservation of the health and safety of students and employees and the preservation of an educational process that is conducive to learning.

As described in the procedures, the district will offer educational services to students during suspension or expulsion. When the district administers a long-term suspension or expulsion, the district will timely hold a reengagement meeting and collaborate with parents and students to develop a reengagement plan that is tailored to the student's individual circumstances, in order to return the student to school successfully. Additionally, any student who has been suspended or expelled may

apply for readmission at any time.

Staff authority

District staff members are responsible for supervising students during the school day, during school activities, whether on or off campus, and on the school bus. Staff members will seek early involvement of parents in efforts to support students in meeting behavioral expectations. The Superintendent has general authority to administer discipline, including all exclusionary discipline. The Superintendent will identify other staff members to whom the Superintendent has designated disciplinary authority. After attempting at least one other form of discipline, teachers have statutory authority to impose classroom exclusion for behaviors that disrupt the educational process. Because perceptions of subjective behaviors vary and include implicit or unconscious bias, the accompanying procedures will seek to identify the types of behaviors for which the identified district staff may administer discipline.

Ensuring fairness, providing notice, and an opportunity for a hearing

When administering discipline, the district will observe all of the student's constitutional rights. The district will notify parents as soon as reasonably possible about classroom exclusion and before administering any suspension or expulsion. The district will provide opportunities for parent participation during an initial hearing with the student. The district will provide parents with written notice, consistent with [WAC 392-400-455](#), of a suspension or expulsion no later than one school business day following the initial hearing. As stated above, language assistance includes oral and written communication and further includes assistance to understand written communication, even if parents cannot read any language. The district has established procedures for review and appeal of suspensions, expulsions, and emergency expulsions, consistent with [WAC 392-400-430](#) through [392-400-530](#).

The district has also established procedures to address grievances of parents or students related to other forms of discipline, classroom exclusion, and exclusion from transportation or extra-curricular activity. The grievance procedures include an opportunity for the student to share his or her perspective and explanation regarding the behavioral violation.

Development and review

Accurate and complete reporting of all disciplinary actions, including the behavioral violations that led to them, is essential for effective review of this policy; therefore, the district will ensure such reporting. The district will periodically collect and review data on disciplinary actions taken against students in each school. The data will be disaggregated into subgroups as required by [RCW 28A.300.042](#), including students who

qualify for special education or Section 504. The data review will include classroom exclusion, in-school and short-term suspensions, and long-term suspensions and expulsions. The district will invite school personnel, students, parents, families, and the community to participate in the data review. The purpose of the data review is to determine if disproportionality exists; if disproportionality is found the district will take action to ensure that it is not the result of discrimination and may update this policy and procedure to improve fairness and equity regarding discipline.

Distribution of policies and procedures

The school district will make its discipline policies and procedures available to families and the community. The district will annually provide its discipline policies and procedures to all district personnel, students, and parents, which may require language assistance for students and parents with limited-English proficiency under Title VI of the Civil Rights Act of 1964. The school district will ensure district employees and contractors are knowledgeable of the discipline policies and procedures.

Student Discipline

Definitions

For purposes of all disciplinary policies and procedures, the following definitions will apply:

Behavioral violation means a student's behavior that violates the district's discipline policies as described in [Policy 3240](#) and [Procedure 3240P](#).

Classroom exclusion means the exclusion of a student from a classroom or instructional or activity area for behavioral violations, subject to the requirements of [WAC 392-400-330](#) and [392-400-335](#). Classroom exclusion does not include action that results in missed instruction for a brief duration when:

- a teacher or other school personnel attempts other forms of discipline to support the student in meeting behavioral expectations; and
- the student remains under the supervision of the teacher or other school personnel during such brief duration.

Culturally responsive has the same meaning as "cultural competency" in [RCW 28A.410.270](#), which states "cultural competency" includes knowledge of student cultural histories and contexts, as well as family norms and values in different cultures; knowledge and skills in accessing community resources and community and parent outreach; and skills in adapting instruction to students' experiences and identifying cultural contexts for individual students.

Discipline means any action taken by a school district in response to behavioral violations.

Disruption of the educational process means the interruption of classwork, the creation of disorder, or the invasion of the rights of a student or group of students.

Emergency expulsion means the removal of a student from school because the student's presence poses an immediate and continuing danger to other students or school personnel, or an immediate and continuing threat of material and substantial disruption of the educational process, subject to the requirements in [WAC 392-400-510](#) through [392-400-530](#)

Expulsion means a denial of admission to the student's current school placement in response to a behavioral violation, subject to the requirements in [WAC 392-400-430](#) through [392-400-480](#)

Length of an academic term means the total number of school days in a single trimester or semester, as defined by the board of directors.

Other forms of discipline means actions used in response to problem behaviors and behavioral violations, other than classroom exclusion, suspension, expulsion, or emergency expulsion, which may involve the use of best practices and strategies included in the state menu for behavior developed under [RCW 28A.165.035](#).

Parent has the same meaning as in [WAC 392-172A-01125](#), and means (a) a biological or adoptive parent of a child; (b) a foster parent; (c) a guardian generally authorized to act as the child's parent, or authorized to make educational decisions for the student, but not the state, if the student is a ward of the state; (d) an individual acting in the place of a biological or adoptive parent, including a grandparent, stepparent, or other relative with whom the student lives, or an individual who is legally responsible for the student's welfare; or a surrogate parent who has been appointed in accordance with [WAC 392-172A.05130](#). If the biological or adoptive parent is attempting to act as the parent and more than one party meets the qualifications to act as a parent, the biological or adoptive parent must be presumed to be the parent unless he or she does not have legal authority to make educational decisions for the student. If a judicial decree or order identifies a specific person or persons to act as the "parent" of a child or to make educational decision on behalf of a child, then that person or persons shall be determined to be the parent for purposes of this policy and procedure.

School board means the governing board of directors of the local school district.

School business day means any calendar day except Saturdays, Sundays, and any federal and school holidays upon which the office of the Superintendent is open to the public for business. A school business day concludes or

terminates upon the closure of the Superintendent's office for the calendar day.

School day means any day or partial day that students are in attendance at school for instructional purposes.

Suspension means the denial of attendance in response to a behavioral violation from any subject or class, or from any full schedule of subjects or classes, but not including classroom exclusions, expulsions, or emergency expulsions. Suspension may also include denial of admission to or entry upon, real and personal property that is owned, leased, rented, or controlled by the district.

- **In-school suspension** means a suspension in which a student is excluded from the student's regular educational setting but remains in the student's current school placement for up to ten consecutive school days, subject to the requirements in [WAC 392-400-430](#) through [392-400-475](#).
- **Short-term suspension** means a suspension in which a student is excluded from school for up to ten consecutive school days, subject to the requirements in [WAC 392-400-430](#) through [392-400-475](#).
- **Long-term suspension** means a suspension in which a student is excluded from school for more than ten consecutive school days, subject to the requirements in [WAC 392-400-430](#) through [392-400-475](#).

Engaging with Families & Language Assistance The district must provide for early involvement of parents in efforts to support students in meeting behavioral expectations. Additionally, the district must make every reasonable attempt to involve the student and parent in the resolution of behavioral violations. Unless an emergency circumstance exists, providing opportunity for this parental engagement is required before administering a suspension or expulsion.

The district must ensure that it provides all discipline related communications [oral and written] required in connection with this policy and procedure in a language the student and parent(s) understand. These discipline related communications include notices, hearings, conferences, meeting, plans, proceedings, agreements, petitions, and decisions. This effort may require language assistance for students and parents with limited-English proficiency under Title VI of the Civil Rights Act of 1964. For parents who are unable to read any language, the district will provide written material orally.

Supporting Students with Other Forms of Discipline Unless a student's presence poses an immediate and continuing danger to others, or a student's presence poses an immediate and continuing threat to the educational process, staff members must first attempt one or more forms of other forms of discipline to support

students in meeting behavioral expectations before imposing classroom exclusion, short-term suspension, or in-school suspension. Before imposing a long-term suspension or expulsion, the district must first consider other forms of discipline.

The types of behaviors as described in [Policy 3240](#) and [Procedure 3240P](#) for which the staff members may use other forms of discipline include any violation of the rules of conduct, as developed annually by the Superintendent. In connection with the rules of conduct, school principals and certificated building staff will confer at least annually to develop precise definitions and build consensus on what constitutes manifestation of problem behaviors. (See [policy 3200](#) – Rights and Responsibilities.) The purpose of developing definitions and consensus on manifestation of a problem behavior is to address the differences in perception of subjective behaviors and reduce the effect of implicit or unconscious bias.

These other forms of discipline may involve the use of best practices and strategies included in the state menu for behavior available online at: <https://www.k12.wa.us/student-success/support-programs/student-discipline>

Staff members are not restricted to the above list and may use any other form of discipline compliant with [WAC 392-400-025\(9\)](#).

Additionally, staff may use after-school detention as another form of discipline for not more than 60 minutes on any given day. Before assigning after-school detention, the staff member will inform the student of the specific behavior prompting the detention and provide the student with an opportunity to explain or justify the behavior. At least one professional staff member will directly supervise students in after-school detention.

Administering other forms of discipline cannot result in the denial or delay of the student's nutritionally adequate meal or prevent a student from accomplishing a specific academic grade, subject, or graduation requirements.

Students and parents may challenge the administration of other forms of discipline, including the imposition of after-school detention using the grievance process below.

Staff Authority and Exclusionary Discipline

District staff members are responsible for supervising students immediately before and after the school day; during the school day; during school activities (whether on or off campus); on school grounds before or after school hours when a school group or school activity is using school grounds; off school grounds, if the actions of the student materially or substantially affect or interferes with the educational process; and on the school bus.

Staff members will seek early involvement of parents in efforts to support students in meeting behavioral expectations. The Superintendent has general authority to administer discipline, including all exclusionary discipline. The Superintendent designates disciplinary authority to impose short-term suspension to school principals and assistant principals, to impose long-term suspension to school principals and assistant principals, to impose expulsion to school principals, assistant principals, and district office administration, and to impose emergency expulsion to school principals, assistant principals, and district office administration.

Classroom exclusions

After attempting at least one other form of discipline, as set forth above, teachers have statutory authority to impose classroom exclusion. Classroom exclusion means the exclusion of a student from the classroom or instructional activity area based on a behavioral violation that disrupts the educational process. As stated above, the Superintendent, school principals, and certificated staff will work together to develop definitions and consensus on what constitutes behavior that disrupts the educational process to reduce the effect of implicit or unconscious bias. Additionally, the district authorizes school principals and assistant principals to impose classroom exclusion with the same authority and limits of authority as classroom teachers.

Classroom exclusion may be for all or any portion of the balance of the school day. Classroom exclusion does not encompass removing a student from school, including sending a student home early or telling a parent to keep a student at home, based on a behavioral violation. Removing a student from school constitutes a suspension, expulsion, or emergency expulsion and must include the notification and due process as stated in the section below.

Classroom exclusion cannot result in the denial or delay of the student's nutritionally adequate meal or prevent a student from accomplishing a specific academic grade, subject, or graduation requirements.

The school will provide the student an opportunity to make up any assignments and tests missed during a classroom exclusion. The district will not administer any form of discipline, including classroom exclusions, in a manner that would result in the denial or delay of a nutritionally adequate meal to a student or prevent a student from accomplishing a specific academic grade, subject, or graduation requirements.

Following the classroom exclusion of a student, the teacher (or other school personnel as identified) must report the classroom exclusion, including the behavioral violation that led to the classroom exclusion, to the principal or the principal's designee as soon as

reasonably possible. The principal or designee must report all classroom exclusions, including the behavioral violation that led to it to the Superintendent. Reporting of the behavioral violation that led to the classroom exclusion as "other" is insufficient.

The teacher, principal, or the principal's designee must notify the student's parents regarding the classroom exclusion as soon as reasonably possible. As noted above, the district must ensure that this notification is in a language and form (i.e. oral or written) the parents understand.

When the teacher or other authorized school personnel administers a classroom exclusion because the student's presence poses an immediate and continuing danger to other students or school personnel, or an immediate and continuing threat of material and substantial disruption of the educational process:

- The teacher or other school personnel must immediately notify the principal or the principal's designee; and
- The principal or the principal's designee must meet with the student as soon as reasonably possible and administer appropriate discipline.

The district will address student and parent grievances regarding classroom exclusion through the grievance procedures.

Grievance process for other forms of discipline and classroom exclusion

Any parent/guardian or student who is aggrieved by the imposition of other forms of discipline and/or classroom exclusion has the right to an informal conference with the principal for resolving the grievance. If the grievance pertains to the action of an employee, the district will notify that employee of the grievance as soon as reasonably possible.

At such conference, the student and parent will have the opportunity to voice issues and concerns related to the grievance and ask questions of staff members involved in the grievance matter. Staff members will have opportunity to respond to the issues and questions related to the grievance matter. Additionally, the principal will have opportunity to address issues and questions raised and to ask questions of the parent, student, and staff members.

If after exhausting this remedy the grievance is not yet resolved, the parent and student will have the right, upon two (2) school business days' prior notice, to present a written and/or oral grievance to the Superintendent or designee. The Superintendent or designee will provide the parent and student with a written copy of its response to the grievance within ten (10) school business days. Use of the grievance process will not impede or postpone the

disciplinary action, unless the principal or Superintendent elects to postpone the disciplinary action.

Discipline that may be grieved under this section includes other forms of discipline, including after-school detention; classroom exclusion; removal or suspension from athletic activity or participation; and removal or suspension from school-provided transportation.

Suspension and expulsion – general conditions and limitations

The district's use of suspension and expulsion will have a real and substantial relationship to the lawful maintenance and operation of the school district, including but not limited to, the preservation of the health and safety of students and employees and the preservation of an educational process that is conducive to learning. The district will not expel, suspend, or discipline in any manner for a student's performance of or failure to perform any act not related to the orderly operation of the school or school-sponsored activities or any other aspect of preserving the educational process. The district will not administer any form of discipline in a manner that would prevent a student from accomplishing a specific academic grade, subject, or graduation requirements.

As stated above, the district must have provided the parent(s) opportunity for involvement to support the student and resolve behavioral violations before administering suspension or expulsion. Additionally, the Superintendent or designee must consider the student's individual circumstances and the nature of the violation before administering a short-term or in-school suspension.

The board recognizes that when a student's behavior is subject to disciplinary action, review by a panel of the student's peers may positively influence the student's behavior. The board has discretion to authorize the establishment of one or more student disciplinary boards, which may also include teachers, administrators, parents, or any combination thereof. If so authorized, the district will ensure that the student disciplinary board reflects the demographics of the student body. The student disciplinary board may recommend to the appropriate school authority other forms of discipline that might benefit the student's behavior and may also provide input on whether exclusionary discipline is needed. The school authority has discretion to set aside or modify the student disciplinary board's recommendation.

The principal or designee at each school must report all suspensions and expulsions, including the behavioral violation that led to the suspension or expulsion, to the Superintendent or designee within twenty-four (24) hours after the administration. Reporting the behavioral violation that led to the suspension or expulsion as "other" is insufficient.

An expulsion or suspension of a student may not be for an indefinite period and must have an end date. After suspending or expelling a student, the district will make reasonable efforts to return the student to the student's regular educational setting as soon as possible. Additionally, the district must allow the student to petition for readmission at any time. The district will not administer any form of discipline in a manner that prevents a student from completing subject, grade-level, or graduation requirements.

When administering a suspension or expulsion, the district may deny a student admission to, or entry upon, real and personal property that the district owns, leases, rents, or controls. The district must provide an opportunity for students to receive educational services during a suspension or expulsion (see below). The district will not suspend or expel a student from school for absences or tardiness.

If during a suspension or expulsion the district enrolls a student in another program or course of study, the district may not preclude the student from returning to the student's regular educational setting following the end of the suspension or expulsion, unless one of the following applies: The Superintendent or designee grants a petition to extend a student's expulsion under [WAC 392-400-480](#); the change of setting is to protect victims under [WAC 392-400-810](#); or other law precludes the student from returning to his or her regular educational setting.

In accordance with [RCW 28A.600.420](#), a school district must expel a student for no less than one year if the district has determined that the student has carried or possessed a firearm on school premises, school-provided transportation, or areas of facilities while being used exclusively by public schools. The Superintendent may modify the expulsion on a case-by-case basis.

A school district may also suspend or expel a student for up to one year if the student acts with malice (as defined under [RCW 9A.04.110](#)) and displays an instrument that appears to be a firearm on school premises, school-provided transportation, or areas of facilities while being used exclusively by public schools. These provisions do not apply to students while engaged in a district authorized military education; a district authorized firearms convention or safety course; or district authorized rifle competition.

In-school suspension and short-term suspension

The Superintendent designates school principals and assistant principals with the authority to impose in-school and short-term suspension. Before administering an in-school or short-term suspension, staff members must have first attempted one or more other forms of discipline to support the student in meeting behavioral expectations and considered the

student's individual circumstances. The district will not administer in-school suspension that would result in the denial or delay of the student's nutritionally adequate meal.

Unless otherwise required by law, the district is not required to impose in-school or short-term suspensions and instead, strives to keep students in school, learning in a safe and appropriate environment. However, there are circumstances when the district may determine that in-school or short-term suspension is appropriate. As stated above, the district will work to develop definitions and consensus on what constitutes behavioral violations to reduce the effect of implicit or unconscious bias. In accordance with the other parameters of this policy, these circumstances may include violations of conduct expectations set forth in [Policy 3240](#) and [Procedure 3240P](#).

Initial hearing

Before administering any in-school or short-term suspension, the district will attempt to notify the student's parent(s) as soon as reasonably possible regarding the behavioral violation. Additionally, the principal or designee must conduct an informal initial hearing with the student to hear the student's perspective. The principal or designee must provide the student an opportunity to contact his or her parent(s) regarding the initial hearing. The district must hold the initial hearing in a language the parent and student understand.

At the initial hearing, the principal or designee will provide the student:

Notice of the student's violation of this policy;

- An explanation of the evidence regarding the behavioral violation;
- An explanation of the discipline that may be administered; and
- An opportunity for the student to share his or her perspective and provide explanation regarding the behavioral violation.

Notice

Following the initial hearing, the principal or designee must inform the student of the disciplinary decision regarding the behavioral violation, including the date when any suspension or expulsion will begin and end.

No later than one (1) school business day following the initial hearing with the student, the district will provide written notice of the suspension or expulsion to the student and parents in person, by mail, or by email in a language and form the student and parents will understand. The written notice must include:

- A description of the student's behavior and how the behavior violated this policy;
- The duration and conditions of the suspension or expulsion, including the dates on which the suspension or expulsion will begin and end;

- The other forms of discipline that the district considered or attempted, and an explanation of the district's decision to administer the suspension or expulsion;
- The opportunity to receive educational services during the suspension or expulsion;
- The right of the student and parent(s) to an informal conference with the principal or designee; and
- The right of the student and parent(s) to appeal the in-school or short-term suspension;

For students in kindergarten through fourth grade, the district will not administer in-school or short-term suspension for more than ten (10) cumulative school days during any academic term. For students in grades five through twelve, the district will not administer in-school or short-term suspension for more than fifteen (15) cumulative school days during any single semester, or more than ten (10) cumulative school days during any single trimester. Additionally, the district will not administer a short-term or in-school suspension beyond the school year in which the behavioral violation occurred.

The district will not administer in-school or short-term suspensions in a manner that would result in the denial or delay of a nutritionally adequate meal to a student.

When administering an in-school suspension, school personnel must ensure they are physically in the same location as the student to provide direct supervision during the duration of the in-school suspension. Additionally, school personnel must ensure they are accessible to offer support to keep the student current with assignments and course work for all of the student's regular subjects or classes.

Long-term suspensions and expulsions

Before administering a long-term suspension or an expulsion, district personnel must consider other forms of discipline to support the student in meeting behavioral expectations. The district must also consider the other general conditions and limitations listed above.

Unless otherwise required by law, the district is not required to impose long-term suspension or expulsion and may impose long-term suspension or expulsion only for specify misconduct. In general, the district strives to keep students in school, learning in a safe and appropriate environment. However, in accordance with the other parameters of this policy there are circumstances when the district may determine that long-term suspension or expulsion is appropriate for student behaviors listed in [RCW 28A.600.015](#) (6)(a) through (d), which include:

- Having a firearm on school property or school transportation in violation of [RCW 28A.600.420](#);

- Any of the following offenses listed in [RCW 13.04.155](#), including:
 - any violent offense as defined in [RCW 9.94A.030](#), including
 - any felony that Washington law defines as a class A felony or an attempt, criminal conspiracy, or solicitation to commit a class A felony;
 - Manslaughter;
 - indecent liberties committed by forcible compulsion;
 - kidnapping;
 - Arson;
 - assault in the second degree;
 - assault of a child in the second degree;
 - robbery;
 - drive-by shooting; and
 - vehicular homicide or vehicular assault caused by driving a vehicle while under the influence of intoxicating liquor or any drug, or by operating a vehicle in a reckless manner.
- any sex offense as defined in [RCW 9.94A.030](#), which includes any felony violation of chapter [9A.44 RCW](#) (other than failure to registered as a sex offender in violation of [9A.44.132](#)), including rape, rape of a child, child molestation, sexual misconduct with a minor, indecent liberties, voyeurism, and any felony conviction or adjudication with a sexual motivation finding;
- inhaling toxic fumes in violation of chapter [9.47A RCW](#);
- any controlled substance violation of chapter [69.50 RCW](#);
- any liquor violation of [RCW 66.44.270](#);
- any weapons violation of chapter [9.41 RCW](#), including having a dangerous weapon at school in violation of [RCW 9.41.280](#);
- any violation of chapter [9A.36 RCW](#), including assault, malicious harassment, driveby shooting, reckless endangerment, promoting a suicide attempt, coercion, assault of a child, custodial assault, and failing to summon assistance for an injured victim of a crime in need of assistance;
- any violation of chapter [9A.40 RCW](#), including kidnapping, unlawful imprisonment, custodial interference, luring, and human trafficking;
- any violation of chapter [9A.46 RCW](#), including harassment, stalking, and criminal gang intimidation; and
- any violation of chapter [9A.48 RCW](#), including arson, reckless burning, malicious mischief, and criminal street gang tagging and graffiti.
- Two or more violations of the following within a three-year period
 - criminal gang intimidation in violation of [RCW 9A.46.120](#);
 - gang activity on school grounds in violation of [RCW 28A.600.455](#);

- willfully disobeying school administrative personnel in violation of [RCW 28A.635.020](#); and
- defacing or injuring school property in violation of [RCW 28A.635.060](#); and
- Any student behavior that adversely affects the health or safety of other students or educational staff.

In addition to being a behavior specified in [RCW 28A.600.015](#), before imposing long-term suspension or expulsion, district personnel must also determine that if the student returned to school before completing a long-term suspension or expulsion the student would pose an imminent danger to students, school personnel, or pose an imminent threat of material and substantial disruption to the educational process. As stated above, the district will work to develop definitions and consensus on what constitutes such an imminent threat to reduce the effect of implicit or unconscious bias.

Behavior agreements

The district authorizes staff to enter into behavior agreements with students and parents in response to behavioral violations, including agreements to reduce the length of a suspension conditioned on the participation in treatment services, agreements in lieu of suspension or expulsion, or agreements holding a suspension or expulsion in abeyance. Behavior agreements will also describe district actions planned to support behavior changes by the students. The district will provide any behavior agreement in a language and form the student and parents understand.

A behavior agreement does not waive a student's opportunity to participate in a reengagement meeting or to receive educational services. The duration of a behavior agreement must not exceed the length of an academic term. A behavior agreement does not preclude the district from administering discipline for behavioral violations that occur after the district enters into an agreement with the student and parents.

Initial hearing

Before administering any suspension or expulsion, the district will attempt to notify the student's parent(s) as soon as reasonably possible regarding the behavioral violation. Additionally, the principal or designee must conduct an informal initial hearing with the student to hear the student's perspective. The principal or designee must make a reasonable attempt to contact the student's parents and provide an opportunity for the parents to participate in the initial hearing in person or by telephone. The district must hold the initial hearing in a language the parent and student understand. At the initial hearing, the principal or designee will provide the student:

- Notice of the student's violation of this policy;
- An explanation of the evidence regarding the behavioral violation;

- An explanation of the discipline that may be administered; and
- An opportunity for the student to share his or her perspective and provide explanation regarding the behavioral violation.

Following the initial hearing, the principal or designee must inform the student of the disciplinary decision regarding the behavioral violation, including the date when any suspension or expulsion will begin and end.

Notice

No later than one (1) school business day following the initial hearing with the student, the district will provide written notice of the suspension or expulsion to the student and parents in person, by mail, or by email. If the parent cannot read any language, the district will provide language assistance. The written notice must include:

- A description of the student's behavior and how the behavior violated this policy;
- The duration and conditions of the suspension or expulsion, including the dates on which the suspension or expulsion will begin and end;
- The other forms of discipline that the district considered or attempted, and an explanation of the district's decision to administer the suspension or expulsion;
- The opportunity to receive educational services during the suspension or expulsion;
- The right of the student and parent(s) to an informal conference with the principal or designee;
- The right of the student and parent(s) to appeal the suspension or expulsion; and
- For any long-term suspension or expulsion, the opportunity for the student and parents to participate in a reengagement meeting.

Other than for the firearm exception under [WAC 392-400-820](#), the district will not impose a long-term suspension or an expulsion for any student in kindergarten through fourth grade.

If a long-term suspension or expulsion may exceed ten (10) days, the district will consider whether the student is currently eligible or might be deemed eligible for special education services. If so, the principal will notify relevant special education staff of the suspension or expulsion so that the district can ensure it follows its special education discipline procedures as well as its general education discipline procedures.

Divergence between long-term suspension and expulsion

A long-term suspension may not exceed the length of an academic term. The district may not administer a long-term suspension beyond the school year in which the behavioral violation occurred.

An expulsion may not exceed the length of an academic term, unless the Superintendent grants a petition to extend the expulsion under [WAC 392-400-480](#). The district is not prohibited from administering an expulsion beyond the school year in which the behavioral violation occurred.

Emergency Expulsions

The district may immediately remove a student from the student's current school placement, subject to the following requirements:

The district must have sufficient cause to believe that the student's presence poses:

- An immediate and continuing danger to other students or school personnel; or
- An immediate and continuing threat of material and substantial disruption of the educational process.

The district may not impose an emergency expulsion solely for investigating student conduct.

For purposes of determining sufficient cause for an emergency expulsion, the phrase "immediate and continuing threat of material and substantial disruption of the educational process" means:

- The student's behavior results in an extreme disruption of the educational process that creates a substantial barrier to learning for other students across the school day; and
- School personnel have exhausted reasonable attempts at administering other forms of discipline to support the student in meeting behavioral expectations.

An emergency expulsion may not exceed ten consecutive school days. An emergency expulsion must end or be converted to another form of discipline within ten (10) school days from its start.

After an emergency expulsion, the district must attempt to notify the student's parents, as soon as reasonably possible, regarding the reason the district believes the student's presence poses an immediate and continuing danger to other students or school personnel, or an immediate and continuing threat of material and substantial disruption of the education process.

Notice

Within twenty-four (24) hours after an emergency expulsion, the district will provide written notice to the student and parents in person, by mail, or by email. The written notice must include:

- The reason the student's presence poses an immediate and continuing danger to students or school personnel, or poses an immediate and continuing threat of material and substantial

disruption of the educational process; The duration and conditions of the emergency expulsion, including the date on which the emergency expulsion will begin and end;

- The opportunity to receive educational services during the emergency expulsion;
- The right of the student and parent(s) to an informal conference with the principal or designee; and
- The right of the student and parent(s) to appeal the emergency expulsion, including where and to whom the appeal must be requested.

If the district converts an emergency expulsion to a suspension or expulsion, the district must:

- (a) Apply any days that the student was emergency expelled before the conversion to the total length of the suspension or expulsion; and
- (b) Provide the student and parents with notice and due process rights under [WAC 392-400-455](#) through [392-400-480](#) appropriate to the new disciplinary action.

All emergency expulsions, including the reason the student's presence poses an immediate and continuing danger to other students or school personnel, must be reported to the Superintendent or designee within twenty-four (24) hours after the start of the emergency expulsion.

Appeal, Reconsideration, and Petition

Optional conference with principal

If a student or the parent(s) disagree with the district's decision to suspend, expel, or emergency expel the student, the student or parent(s) may request an informal conference with the principal or designee to resolve the disagreement. The parent or student may request an informal conference orally or in writing.

The principal or designee must hold the conference within three (3) school business days after receiving the request, unless otherwise agreed to by the student and parent(s).

During the informal conference, the student and parent(s) will have the opportunity to share the student's perspective and explanation regarding the events that led to the behavioral violation. The student and parent will also have the opportunity to confer with the principal or designee and school personnel involved in the incident that led to the suspension or expulsion. Further, the student and parent will have the opportunity to discuss other forms of discipline that the district could administer.

An informal conference will not limit the right of the student or parent(s) to appeal the suspension or expulsion, participate in a reengagement meeting, or petition for readmission.

Appeals

Requesting appeal

The appeal provisions for in-school and short-term suspension differ from those for long-term suspension and expulsion. The appeal provisions for long-term suspension or expulsion and emergency expulsion have similarities but the timelines differ.

A student or the parent(s) may appeal a suspension, expulsion, or emergency expulsion to the Superintendent or designee orally or in writing. For suspension or expulsion, the request to appeal must be within five (5) school business days from when the district provided the student and parent with written notice. For emergency expulsion, the request to appeal must be within three (3) school business days from when the district provided the student and parent with written notice.

When an appeal for long-term suspension or expulsion is pending, the district may continue to administer the long-term suspension or expulsion during the appeal process, subject to the following requirements:

- The suspension or expulsion is for no more than ten (10) consecutive school days from the initial hearing or until the appeal is decided, whichever is earlier;
- The district will apply any days of suspension or expulsion occurring before the appeal is decided to the term of the student's suspension or expulsion and may not extend the term of the student's suspension or expulsion; and
- If the student returns to school before the appeal is decided, the district will provide the student an opportunity to make up assignments and tests missed during the suspension or expulsion upon the student's return.

In-school and short-term suspension appeal

For short-term and in-school suspensions, the Superintendent or designee will provide the student and parents the opportunity to share the student's perspective and explanation regarding the behavioral violation orally or in writing.

The Superintendent or designee must deliver a written appeal decision to the student and parent(s) in person, by mail, or by email within two (2) school business days after receiving the appeal. The written decision must include:

- The decision to affirm, reverse, or modify the suspension;
- The duration and conditions of the suspension, including the beginning and ending dates;
- The educational services the district will offer to the student during the suspension; and
- Notice of the student and parent(s)' right to request review and reconsideration of the appeal decision, including where and to whom to make such a request.

Long-term suspension or expulsion and emergency expulsion appeal

For long-term suspension or expulsion and emergency expulsions, the Superintendent or designee will provide the student and parent(s) written notice in person, by mail, or by email, within one (1) school business day after receiving the appeal request, unless the parties agree to a different timeline. Written notice will include:

- The time, date, and location of the appeal hearing;
- The name(s) of the official(s) presiding over the appeal;
- The right of the student and parent(s) to inspect the student's education records;
- The right of the student and parent(s) to inspect any documentary or physical evidence and a list of any witnesses that will be introduced at the hearing;
- The rights of the student and parent(s) to be represented by legal counsel; question witnesses; share the student's perspective and explanation; and introduce relevant documentary, physical, or testimonial evidence; and
- Whether the district will offer a reengagement meeting before the appeal hearing.

For long-term suspension or expulsion, the student, parent(s) and district may agree to hold a reengagement meeting and develop a reengagement plan before the appeal hearing. The student, parent(s), and district may mutually agree to postpone the appeal hearing while participating in the reengagement process.

Hearings

A hearing to appeal a long-term suspension or expulsion or emergency expulsion is a quasijudicial process exempt from the Open Public Meetings Act (OPMA). To protect the privacy of student(s) and others involved, the district will hold hearing without public notice and without public access unless the student(s) and/or the parent(s) or their counsel requests an open hearing. Regardless of whether the hearing is open or closed, the district will make reasonable efforts to comply with the Family Educational Rights and Privacy Act (FERPA) concerning confidentiality of student education records.

When students are charged with violating the same rule and have acted in concert and the facts are essentially the same for all students, a single hearing may be conducted for them if the hearing officer believes that the following conditions exist:

- A single hearing will not likely result in confusion; and
- No student will have his/her interest substantially prejudiced by a group hearing.

If the official presiding over the hearing finds that a student's interests will be substantially prejudiced by a group hearing, the presiding official may order a separate hearing for that student. The parent and student have the right to petition for an individual hearing. For long-term suspension or expulsion, the district will hold an appeal

hearing within three (3) school business days after the Superintendent or designee received the appeal request, unless otherwise agreed to by the student and parent(s).

For emergency expulsion, the district will hold an appeal hearing within two (2) school business days after the Superintendent or designee received the appeal request, unless the student and parent(s) agree to another time.

The school board may designate a discipline appeal council to hear and decide any appeals in this policy and procedure or to review and reconsider a district's appeal decisions. A discipline appeal council must consist of at least three persons appointed by the school board for fixed terms. All members of a discipline appeal council must be knowledgeable about the rules in [Chapter 392-400 WAC](#) and this [policy](#) and [procedure](#). The school board may also designate the Superintendent or a hearing officer to hear and decide appeals. The presiding official(s) may not have been involved in the student's behavioral violation or the decision to suspend or expel the student.

Upon request, the student and parent(s) or their legal representative may inspect any documentary or physical evidence and list of any witnesses that the district will introduce at the appeal hearing. The district must make the information available as soon as reasonably possible, but no later than the end of the school business day before the appeal hearing. The district may also request to inspect any documentary or physical evidence and list of any witnesses that the student and parent(s) intend to introduce at the appeal hearing. The student and parent(s) must make this information available as soon as reasonably possible, but no later than the end of the school business day before the appeal hearing.

Upon request, the student and parent(s) may review the student's education records. The district will make the records available as soon as reasonably possible, but no later than the end of the school business day before the appeal hearing.

If a witness for the district cannot or does not appear at the appeal hearing, the presiding official(s) may excuse the witness' nonappearance if the district establishes that:

- The district made a reasonable effort to produce the witness; and
- The witness' failure to appear is excused by fear of reprisal or another compelling reason.

The district will record the appeal hearing by manual, electronic, or other type of recording device and upon request of the student or parent(s) provide them a copy of the recording.

For long-term suspension or expulsion, the presiding official(s) must base the decision solely on the evidence

presented at the hearing. The presiding official(s) will provide a written decision to the student and parent(s) in person, by mail, or by email within three (3) school business days after the appeal hearing. The written decision must include:

- The findings of fact;
- A determination whether (i) the student's behavior violated this policy; (ii) the behavioral violation reasonably warrants the suspension or expulsion and the length of the suspension or expulsion; and (iii) the suspension or expulsion is affirmed, reversed, or modified;
- The duration and conditions of suspension or expulsion, including the beginning and ending dates;
- Notice of the right of the student and parent(s) to request a review and reconsideration of the appeal decision. The notice will include where and to whom to make such a request; and
- Notice of the opportunity for a reengagement meeting and contact information for the person who will schedule it.

For emergency expulsion, the district will provide a written decision to the student and parent(s) in person, by mail, or by email within one (1) school business day after the appeal hearing. The written decision must include:

- The findings of fact;
- A determination whether the student's presence continues to pose (i) an immediate and continuing danger to students or school personnel; or (ii) an immediate and continuing threat of material and substantial disruption of the educational process;
- Whether the district will end the emergency expulsion or convert the emergency expulsion to a suspension or expulsion. If the district converts the emergency expulsion to a suspension or expulsion, the district will provide the student and parent(s) notice and due process consistent with the disciplinary action to which the emergency expulsion was converted; and
- Notice of the right of the student and parent(s) to request a review and reconsideration of the appeal decision. The notice will include where and to whom to make such a request.

Reconsideration of appeal

The student or parents may request the school board or discipline appeal council, if established by the school board, review and reconsider the district's appeal decision for long-term suspensions or expulsions and emergency expulsions. This request may be either oral or in writing.

For long-term suspension or expulsion, the student or parent(s) may request a review within ten (10) school business days from when the district provided the student and parent(s) with the written appeal decision.

For emergency expulsion, the student or parent(s) may request a review within five (5) school business days from when the district provided the student and parent(s) with the written appeal decision.

- In reviewing the district's decision, the school board or discipline appeal council, if established, must consider (i) all documentary and physical evidence from the appeal hearing related to the behavioral violation; (ii) any records from the appeal hearing; (iii) relevant state law; and (iv) this policy adopted.
- The school board (or discipline appeal council) may request to meet with the student and parent(s), the principal, witnesses, and/or school personnel to hear further arguments and gather additional information.
- The decision of the school board (or discipline appeal council) will be made only by board or discipline council members who were not involved in (i) the behavioral violation; (ii) the decision to suspend or expel the student; or (iii) the appeal decision. If the discipline appeal council presided over the appeal hearing, the school board will conduct the review and reconsideration.

For long-term suspension or expulsion, the school board (or discipline appeal council) will provide a written decision to the student and parent(s) in person, by mail, or by email within ten (10) school business days after receiving the request for review and reconsideration. The written decision must identify:

- Whether the school board (or discipline appeal council) affirms, reverses, or modifies the suspension or expulsion;
- The duration and conditions of the suspension or expulsion, including the beginning and ending dates of the suspension or expulsion; and
- For long-term suspensions or expulsions, notice of the opportunity to participate in a reengagement meeting.

For emergency expulsion, the school board (or discipline appeal council) will provide a written decision to the student and parent(s) in person, by mail, or by email within five (5) school business days after receiving the request for review and reconsideration. The written decision must identify:

- Whether the school board (or discipline appeal council) affirms or reverses the school district's decision that the student's presence posed (i) an immediate and continuing danger to students or school personnel; or (ii) an immediate and continuing threat of material and substantial disruption of the educational process.
- If the emergency expulsion has not yet ended or been converted, whether the district will end the

emergency expulsion or convert the emergency expulsion to a suspension or expulsion. If the district converts the emergency expulsion to a suspension or expulsion, the district will provide the student and parent(s) notice and due process under [WAC 392-400-455](#) through [392-400-480](#) consistent with the disciplinary action to which the emergency expulsion was converted

Petition to extend an expulsion

When risk to public health or safety warrants extending a student's expulsion, the principal or designee may petition the Superintendent or designee for authorization to exceed the academic term limitation on an expulsion. The petition must inform the Superintendent or designee of:

- The behavioral violation that resulted in the expulsion and the public health or safety concerns;
- The student's academic, attendance, and discipline history;
- Any nonacademic supports and behavioral services the student was offered or received during the expulsion;
- The student's academic progress during the expulsion and the educational services available to the student during the expulsion;
- The proposed extended length of the expulsion; and
- The student's reengagement plan.

The principal or designee may petition to extend an expulsion only after the development of a reengagement plan under [WAC 392-400-710](#) and before the end of the expulsion. For violations of [WAC 392-400-820](#) involving a firearm on school premises, school-provided transportation, or areas of facilities while being used exclusively by public schools, the principal or designee may petition to extend an expulsion at any time.

Notice

The district will provide written notice of a petition to the student and parent(s) in person, by mail, or by email within one (1) school business day from the date the Superintendent or designee received the petition. The written notice must include:

- A copy of the petition;
- The right of the student and parent(s) to an informal conference with the Superintendent or designee to be held within five (5) school business days from the date the district provided written notice to the student and parent(s); and
- The right of the student and parent(s) to respond to the petition orally or in writing to the Superintendent or designee within five (5) school business days from the date the district provided the written notice.

The Superintendent or designee may grant the petition only if there is substantial evidence that, if the student were to return to the student's previous school of placement after the length of an academic term, the student would pose a risk to public health or safety. The Superintendent or designee must deliver a written decision to the principal, the student, and the student's parent(s) in person, by mail, or by email within ten (10) school business days after receiving the petition.

If the Superintendent or designee does not grant the petition, the written decision must identify the date when the expulsion will end.

If the Superintendent or designee grants the petition, the written decision must include:

- The date on which the extended expulsion will end;
- The reason that, if the student were to return before the initial expulsion end date, the student would pose a risk to public health or safety; and
- Notice of the right of the student and parent(s) to request a review and reconsideration. The notice will include where and to whom to make such a request;

Review and Reconsideration of extension of expulsion

The student or parent(s) may request that the school board (or discipline appeal council, if established by the board) review and reconsider the decision to extend the student's expulsion.

The student or parents may request the review orally or in writing within ten (10) school business days from the date the Superintendent or designee provides the written decision.

The school board (or discipline appeal council) may request to meet with the student or parent(s) or the principal to hear further arguments and gather additional information.

The decision of the school board (or discipline appeal council) may be made only board or discipline appeal council members who were not involved in the behavioral violation, the decision to expel the student, or the appeal decision.

The school board (or discipline appeal council) will provide a written decision to the student and parent(s) in person, by mail, or by email within ten (10) school business days after receiving the request for review and reconsideration. The written decision must identify:

- Whether the school board or discipline appeal council affirms, reverses, or modifies the decision to extend the student's expulsion; and
- The date when the extended expulsion will end.

Any extension of an expulsion may not exceed the length of an academic term.

The district will annually report the number of petitions approved and denied to the Office of Superintendent of Public Instruction.

Educational Services

The district will offer educational services to enable a student who is suspended or expelled to:

- Continue to participate in the general education curriculum;
- Meet the educational standards established within the district; and
- Complete subject, grade-level, and graduation requirements.

When providing a student the opportunity to receive educational services during exclusionary discipline, the school must consider:

- Meaningful input from the student, parents, and the student's teachers;
- Whether the student's regular educational services include English language development services, special education, accommodations and related services under Section 504 of the Rehabilitation Act of 1973, or supplemental services designed to support the student's academic achievement; and
- Access to any necessary technology, transportation, or resources the student needs to participate fully in the educational services.

After considering the factors and input described above, the district will determine a student's educational services on a case-by-case basis. The types of educational services the district will consider include alternative schools or classrooms, one-on-one tutoring (when available), online learning tutoring, web-based video conferencing, and small group instructional support. Any educational services in an alternative setting should be comparable, equitable, and appropriate to the regular educational services a student would have received in the absence of exclusionary discipline.

As soon as reasonably possible after administering a suspension or expulsion, the district will provide written notice to the student and parents about the educational services the district will provide. The notice will include a description of the educational services and the name and contact information of the school personnel who can offer support to keep the student current with assignments and course work.

For students subject to suspension or emergency expulsion up to five (5) days, a school must provide at least the following:

- Course work, including any assigned homework, from all of the student's regular subjects or classes;
- Access to school personnel who can offer support to keep the student current with assignments and course work for all of the student's regular subjects or classes; and
- An opportunity for the student to make up any assignments and tests missed during the period of suspension or emergency expulsion.

For students subject to suspension or emergency expulsion for six (6) to ten (10) consecutive school days, a school must provide at least the following:

- Course work, including any assigned homework, from all of the student's regular subjects or classes;
- An opportunity for the student to make up any assignments and tests missed during the period of suspension or emergency expulsion; and
- Access to school personnel who can offer support to keep the student current with assignments and course work for all of the student's regular subjects or classes. School personnel will make a reasonable attempt to contact the student or parents within three (3) school business days following the start of the suspension or emergency expulsion and periodically thereafter until the suspension or emergency expulsion ends to:
 - Coordinate the delivery and grading of course work between the student and the student's teacher(s) at a frequency that would allow the student to keep current with assignments and course work for all of the student's regular subjects or classes; and
 - Communicate with the student, parents, and the student's teacher(s) about the student's academic progress.

For students subject to expulsion or suspension for more than ten (10) consecutive school days, a school will make provisions for educational services in accordance with the "Course of Study" provisions of [WAC 392-121-107](#).

Readmission

Readmission application process

The readmission process is different from and does not replace the appeal process. Students who have been suspended or expelled may make a written request for readmission to the district at any time. If a student desires to be readmitted at the school from which he/she has been suspended/expelled, the student will submit a written application to the principal, who will recommend admission or non-admission. If a student wishes admission to another school, he/she will submit

the written application to the Superintendent. The application will include:

- The reasons the student wants to return and why the request should be considered;
- Any evidence that supports the request; and
- A supporting statement from the parent or others who may have assisted the student.

The Superintendent will advise the student and parent of the decision within seven (7) school days of the receipt of such application.

Reengagement

Reengagement Meeting

The reengagement process is distinct from a written request for readmission. The reengagement meeting is also distinct from the appeal process, including an appeal hearing, and does not replace an appeal hearing. The district must convene a reengagement meeting for students with a long-term suspension or expulsion.

Before convening a reengagement meeting, the district will communicate with the student and parent(s) to schedule the meeting time and location. The purpose of the reengagement meeting is to discuss with the student and his or her parent(s)/guardian(s) a plan to reengage the student.

The reengagement meeting must occur:

- Within twenty (20) calendar days of the start of the student's long-term suspension or expulsion, but no later than five (5) calendar days before the student's return to school; or
- As soon as reasonably possible, if the student or parents request a prompt reengagement meeting.

Reengagement plan

The district will collaborate with the student and parents to develop a culturally-sensitive and culturally-responsive reengagement plan tailored to the student's individual circumstances to support the student in successfully returning to school. In developing a reengagement plan, the district must consider:

- The nature and circumstances of the incident that led to the student's suspension or expulsion;
- As appropriate, students' cultural histories and contexts, family cultural norms and values, community resources, and community and parent outreach;
- Shortening the length of time that the student is suspended or expelled;
- Providing academic and nonacademic supports that aid in the student's academic success and

keep the student engaged and on track to graduate; and

- Supporting the student parents, or school personnel in taking action to remedy the circumstances that resulted in the suspension or expulsion and preventing similar circumstances from recurring.

The district must document the reengagement plan and provide a copy of the plan to the student and parents. The district must ensure that both the reengagement meeting and the reengagement plan are in a language the student and parents understand.

Exceptions for protecting victims

The district may preclude a student from returning to the student's regular educational setting following the end date of a suspension or expulsion to protect victims of certain offenses as follows:

- A student committing an offense under [RCW 28A.600.460\(2\)](#), when the activity is directed toward the teacher, shall not be assigned to that teacher's classroom for the duration of the student's attendance at that school or any other school where the teacher is assigned;
- A student who commits an offense under [RCW 28A.600.460\(3\)](#), when directed toward another student, may be removed from the classroom of the victim for the duration of the student's attendance at that school or any other school where the victim is enrolled.

Other Information

Use of Tobacco and Nicotine Products and Delivery Devices

The board of directors recognizes that to protect students from exposure to the addictive substance of nicotine, employees and officers of the school district, and all members of the community, have an obligation as role models to refrain from use of tobacco products and delivery devices on school property at all times. Tobacco products and delivery devices includes, but are not limited to, cigarettes, cigars, snuff, smoking tobacco, smokeless tobacco, nicotine, electronic smoking/vapor devices and vapor products, non-prescribed inhalers, nicotine delivery devices or, chemicals that are not FDA-approved to help people quit using tobacco, devices that produce the same flavor or physical effect of nicotine substances; and any other smoking equipment, device, material or innovation.

Any use of such products and delivery devices by staff, students, visitors and community members will be prohibited on all school district property, including all district buildings, grounds and district-owned vehicles,

and within five hundred feet of schools. Possession by, or distribution or distribution of tobacco products to any person under twenty-one years of age is prohibited.

The use of Federal Drug Administration (FDA) approved nicotine replacement therapy in the form of a nicotine patch, gum or lozenge is permitted. However, students and employees follow applicable policies regarding use of medication at schools.

Notices advising students, district employees and community members of this policy will be posted in appropriate locations in all district buildings and at other district facilities as determined by the superintendent and will be included in the employee and student handbooks. Employees and students are subject to discipline for violations of this policy, and school district employees are responsible for the enforcement of the policy. [Board Policy 4215](#)

School Resource Officers

As defined in [legislation](#), a School Resource Officer (SRO) is a commissioned law enforcement officer in the state of Washington with sworn authority to make arrests, deployed in community-oriented policing, and assigned by the employing police department or sheriff's office to work in schools to address crime and disorder problems, gangs, and drug activities affecting or occurring in or around K-12 schools.

School resource officers should focus on keeping students out of the criminal justice system when possible and should not be used to attempt to impose criminal sanctions in matters that are more appropriately handled within the educational system.

Surveillance Cameras

Surveillance cameras are utilized in Selah schools and any infractions recorded or observed on these cameras may result in disciplinary actions.
