

Skyward Family Access

How do I log onto Family Access?

On the Selah School District main website: www.selahschools.org look for the Skyward Icon.

A screenshot of the Skyward Family Access login page. At the top, there is the Skyward logo and the text "SELAH SCHOOL DISTRICT". Below this, there are two input fields: "Login ID:" with the value "VALENALE000" and "Password:" with a masked password of seven dots. A "Sign In" button is located below the password field. Below the button is a link that says "Forgot your Login/Password?". In the bottom right corner of the login area, the date "05.20.02.00.09" is displayed. At the bottom of the page, there is a "Login Area:" dropdown menu currently set to "Family/Student Access".

Parent/Guardians will obtain their Login Id from a letter from the Selah School District. They are also available from your student's school office. Login's are in the format of first five letters of their last name, first three letters of their first name followed by 000 (or higher if the first combination of letters is already in use).

If a parent/guardian has an email address already in our student information system, they can use the "Forgot your Login/Password?" option on the Skyward Family Access login screen to receive an email to set a password. For additional help with login names or passwords, parent/guardians should contact the school office.

If I do not have an email on file with the school, what do I do?

Using the email that you'd like to use, send an email requesting that the registrar at your student's school add your email to your student's record. Please include your name, your student's name and DOB and a phone number to reach you if there are any questions. These are the registrars at each school.

How do I change my email address or password?

When logged into Family Access, there is a **My Account** link in the upper right corner next to your name.

To update an email address, type the new address and then click Save.

To change a password, click the Change Password button, input current and new password and Save.

Please contact the registrar at your student's school if you have any further questions.
