

# A Winter Weather Watch

When the Weather Outside is Winterful...

\* \* \* \*

A Look at Selah School District  
Inclement Weather Operating Decisions  
for the 2021-2022 School Year

**A**s we prepare for Ole' Man Winter there are often operating decisions that must be made in local school districts. In Selah, student and staff safety is the priority. Many factors are considered in the operating process, where morning decisions are primarily based on Selah's specific weather, road conditions and forecast.

This winter as school operating decisions are made, **3 options will be considered:**

- **Two-Hour Delay** — This is the most common increment used when school is delayed due to inclement weather.
- **Three-Hour Delay** — This option is available on unusual circumstances when it is projected to take longer for weather to improve in an effort to prepare facilities and safely bring students to school. This option will rarely be used.
- **School Closure** — Classes are cancelled and the day will be made up later in the year.

**IF** the Selah School District alters its regular operational schedule with a delay or cancelation, look for a post on these platforms

## Where to Tune In...
