September 14, 2021

The Selah School Board of Directors will be moving its regularly scheduled meetings on September 23, October 14 and October 28, to an online only format. As part of the Open Public Meetings Act under the current emergency proclamation, School Boards must provide a live stream of all public meetings, while in-person meetings are optional. In response to constituent comments about the poor quality of the current live streaming configuration, the District will be upgrading its audio and video capabilities during this time to better accommodate those wishing to participate virtually. In person meetings, with updated streaming capabilities, will resume at the November 9 meeting. This improvement enables the district to better serve all constituents whether attending in person or virtually.

The public comment period will still be available during the online only meetings. Information about how to provide public comment will be on the District website the Monday before each meeting. Thank you for your continued support and understanding.
