

The Viking Touch!

<https://www.surveymonkey.com/r/WF3VRZD>

The Selah School District experience is all about *The Viking Touch*!

This fall we have embarked on an intentional focus aimed at creating the best possible experience for students, staff, parents, patrons, and community members who visit our offices on a daily basis.

This initiative, called *The Viking Touch* is a collaborative effort to define and implement a common quality service approach throughout the District. We are utilizing it with our staff who are front line faces that work with guests in our school, departmental and District Offices. *The Viking Touch* follows the Disney philosophy where quality service is the goal of every encounter and positive connections are the result of each experience. By extending *The Viking Touch*, we want our school stakeholders to feel the high standards of quality we expect to uphold.

In the District's quest to provide *The Viking Touch*, will you please take this short survey below to let us know how we are performing? The information gathered will assist us as we strive to provide the positive experience created from our special *Viking Touch*.

Thank you for your time and for your support of our students and schools.
