September 22, 2022

Greetings from the Selah School District's Transportation Department!

We have been informed by the City of Selah that there will be a **total closure of the intersection of E. Wenas and Jim Clements Way/N. Wenas from Monday, September 26 - Friday, September 30**, due to wastewater collection system improvements. This will necessitate detours for our community and our buses during these five days. The City of Selah has created suggested detours. Selah School District buses picking up students to the **east of Jim Clements Way/Wenas Road will utilize Bartlett and Home Roads to access Railroad Avenue and Rushmore Roads for stops in that vicinity**. We are asking for your patience and enhanced safe driving practices through Selah as we all will experience delays.

We made it through the Fremont closure together and we will rise to the occasion again during Viking Spirit/Homecoming Week. Thank you as always for having a parent/guardian ready to meet your Kindergarten/Pre-K students at the drop-off spot to help us keep our schedules as close as possible to posted times. As always, if you are concerned about a late pickup or drop-off that is five minutes or more beyond the posted times, feel free to call us at 509-698-8330.

Thank you to Rocky Wallace and the Selah Public Works Department for their excellent communication with us and the community regarding these necessary upgrades.
